

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Transportation and Infrastructure

Multiple Locations

Currently, there are two (2) positions available. This position may be able to work up to five (5) days at home per week as per the Telework Agreement.

Senior Scrum Master

\$75,552.53 - \$86,175.83 annually plus 9.9% Temporary Market Adjustment

The Ministry of Transportation and Infrastructure plans and improves transportation networks, builds new infrastructure, provides transportation services and implements transportation policies to allow for the safe and efficient movement of people and goods.

The Senior Scrum Master leads an agile team through iterative software development. This position drives the Agile ceremonies, works with the team to remove any impediments and enables the team to deliver consistently. This role also supports the division and organization in implementing Agile transformational initiatives.

The BC Public Service is committed to creating a diverse workplace to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.

Qualifications for this role include:

- Bachelor's Degree in Computer Science, or equivalent. Other combinations of education and experience and/or training may be considered (i.e. technical diploma and two (2) years of experience).
- Preferred certification as a Scrum Master.
- A minimum of three (3) years of recent (within the last 5 years) agile project or service design experience. Preferred 5 or more years.
- Practical experience in Agile software development methodologies.
- Preferred experience coaching staff members and/or project teams.
- Successful completion of security screening requirements of the BC Public Service, which may include a criminal records check, and/or Criminal Records Review Act (CRRA) check, and/or enhanced security screening checks as required by the ministry (Note: It is important that you read the job posting carefully to understand the specific security screening requirements pertaining to the position).
