

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

If you have honed your Home and Community Nursing practice and are an innovative nurse educator who is experienced in developing and delivering online education and learning resources; then we have a unique and rewarding opportunity for you in our collaborative and supportive team.

The ideal applicant will be an RN who is proficient in the Resident Assessment Instrument RAI tool and the assessment of seniors and frail elderly within home and community care services. We are looking for a nurse educator to bring advanced nursing practice along with proven experience in utilizing adult teaching/learning principles, curriculum development, knowledge transfer methods, research and evaluation and reporting skills.

We anticipate that you will be someone who has an enthusiasm for clinical informatics, who enjoys using as well as troubleshooting technology and teleconferencing systems and tools (such as Webex). The successful applicant will be able to build effective relationships with multiple stakeholders, utilize creative approaches and critical thinking skills to deliver and elevate online nursing education. The RAI Home Care Staff Development Educator role offers a great opportunity to work autonomously, apply education best practice and develop your leadership capability.

This is a relief full-time position until approximately December 2019 or the return of the current incumbent. Days of work are Monday to Friday from 08:00 to 16:00.

Interior Health strives to create an environment where you enjoy the work you do, the place where you work, and the people around you. As a member of the team, you'll have access to services and benefits that can help you get the most out of work while maintaining a balanced lifestyle. Apply today and join our team!

Experience

Three yearsâ€™ recent related experience and two yearsâ€™ formal experience in adult teaching/learning and curriculum development

Credentials

Current practicing registration with the British Columbia College of Nursing Professionals (BCCNP).

Current CPR certification.

Education Requirements

Baccalaureate Degree in Nursing
