

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

POWERHOUSE ENGINEER

Job ID	20248	
Web Address	https://careers.indigenous.link/viewjob?jobname=20248	
Company	Manitoba Hydro	
Location	Gillam (30 kms west of), Manitoba	
Date Posted	From: 2015-09-03	To: 2015-09-17
Job	Type: Fixed Term	Category: Engineering

Description

Manitoba Hydro has been named as one of Canada's Top 100 Employers and one of Manitoba's Top Employers for 2015! This is the 5th consecutive year that we have won these awards.

Why Great Benefits

- Three weeks of accrued paid vacation after the first year, working toward a maximum of seven weeks paid vacation
- Competitive salary and benefits package
- Pension and working conditions that provide for a balanced approach to work, family life and community

Manitoba Hydro is a leader among energy companies in North America, recognized for providing highly reliable service and exceptional customer satisfaction. Join our team of Manitoba's best as we continue to build a company that supports innovation, commitment and customer service.

We are seeking an experienced and highly motivated Powerhouse Engineer to be part of our Keeyask Project for approximately 50 months. The work location will be at the Keeyask construction site with single status accommodations. You will reside in a modern construction camp hotel-like facility that is among the highest quality facilities of its kind in the country. The Keeyask Camp includes top notch recreation facilities including full gymnasium with two sports courts, indoor running track, weight room, games room, movie theater and restaurant-style dining complex. Staff will work a rotational schedule that consists of 21 days at the Keeyask site followed by 7 days off. You must be prepared to travel and work outside normal business hours and you will be required to take Cross Cultural Awareness Training at the project site. Airfare and transportation to site will be provided by Manitoba Hydro.

The Keeyask Project is a collaborative effort between Manitoba Hydro and four Manitoba First Nations – Tataskweyak Cree Nation, York Factory First Nation, Fox Lake Cree Nation and War Lake First Nation – working together as the Keeyask Hydropower Limited Partnership (KHLPP). The project is located 725 kilometers northeast of Winnipeg on the lower Nelson River and 30 kilometers west of Gillam, Manitoba.

Responsibilities:

- Assist and offer guidance to the inspections staff performing jobsite inspections to ensure compliance with drawings, specification and accepted standards of workmanship.
- Assist and offer guidance to the inspections staff inspecting foundation cleaning, formwork, reinforcement, concrete batching, concrete placement, concrete curing, architectural elements, steel structures, cladding, roofing and all other items related to the construction of a generating station.
- Compile and organize photographs, tests results, materials and equipment used, person hours worked, work areas available and any other related information that document how the construction progressed to completion.
- Prepare daily/weekly reports identifying any issues with respect to quality, schedule or productivity.
- Aid in the review of the required submittals prior to commencing the work.
- Update and record field revisions to the work for the purposes of preparing "As-Built" Documents.
- Assist in gathering the information required in the response to "Requests for Information" submitted by the Contractor.
- Establish and maintain close liaison with the Contractor's personnel on all aspects of the work.
- Assist in ensuring the work is carried out with respect to Manitoba Hydro's Safety System and Environmental

Management System.

"Principal Duties are intended to be an accurate reflection of the main duties essential for this position. They are not designed to be an exhaustive list of all duties, tasks and responsibilities."

Qualifications:

- Graduate in Civil Engineering from a University of recognized standing with a minimum of four years of related experience.
- Membership in APEGM.
- Working knowledge of civil engineering and site construction including familiarity with the fundamentals of related engineering disciplines.
- Ability to read and understand engineering drawings and apply technical specifications.
- Experience in the design of structural elements.
- Should have a developing judgment and ability to carry out work with minimum direction or supervision.
- Experience with MS Office, Word, Excel, Outlook, AutoCAD and Adobe.
- Working knowledge of Manitoba Hydro's Safety Management System and Environmental Management System.
- Possess and maintain a valid Province of Manitoba Class 5 Driver's Licence.

NOTE: Manitoba Hydro is committed to the health and safety of all employees. As such, persons who work at Keeyask or Keewatinohk will be subject to the Manitoba Hydro Major Capital Projects Drug and Alcohol standard as a condition of employment.
