

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

At Rogers, we connect Canadians to a world of possibilities and the memorable moments that matter most in their lives. Every day we wake up with one purpose in mind. To bring loved ones together from across the globe. To connect people to each other and the world around them. To help an entrepreneur realize their dream. A sports fan celebrate a special moment. Because we believe connections unite us, possibilities fuel us, and moments define us. As we grow our team, the well-being of our team members remains our top priority. To ensure the health and safety of our team members, including those in the recruitment process, our team members are temporarily working from home.

Introduction: Ziptel, a division of Rogers for Business, performs end to end engineering, operation, and management of the Unified Communications network and platform. Our team is actively expanding, and we are in search of highly motivated individuals with a strong interest in the evolution of voice technology.

The Rogers for Business Unified Communications offering is rapidly growing with a comprehensive suite of next-generation IP Voice Services to offer to the Canadian SME and Enterprise market segments. We are looking for an IP Voice Engineer to join the Ziptel Engineering and Development Team.

What will you do?

- Wireline, voice systems and services management cradle to grave.
- Platform ownership aside from vendor management functions.
- Tier 3 support for SA/SD.
- Responsible for documentation/diagrams/monitoring and overall availability of the voice systems & applications.
- Capacity management lifecycle (strategy, alarms, thresholds & trending analysis).
- Periodic platform validation (test case/harness build).
- Key Requirments and Attributes:

Accountability - leveraging resources to achieve mutually agreed-upon goals and outcomes.

BSC in science or computer/electrical engineering.

Experience in ownership/platform -- managing something large scale, e.g. high-level WAN networks.

Critical thinking ability, word problem solving.

High-level familiarity with virtualization and virtualized workloads.

Self-starter, comfortable engaging cross-functional teams when required.

Ability to manage multiple projects/tasks

VoIP/SIP/IMS/VoLTE/5G experience is highly recommended

SBCs

Stand-up/operationalize

3rd party interconnects/integrations

Routing policies

HMR / adjacencies

Monitoring / alerts / licenses

CFS

Translations

Network trunk turn-ups

ISDN/PRI troubleshooting

SAS analysis

Experience with custom Voice Technology projects (e.g. Teams, STIR/SHAKEN)

Understand business requirements

Design solution to meet technical, business, and regulatory requirements

3;

Here's what you can expect in return:

A competitive salary and benefits that include access to our Employee Share Accumulation Program, Retirement Benefits and a variety of other perks including 50% off Rogers services and Blue Jays tickets

A manager who deeply cares about your development and long-term career at Rogers

A team that trusts and wants to win together

Smart and accomplished colleagues who are focused on both the **what**, and the **how**;

Schedule: Full time

Shift: Day

Length of Contract: Not Applicable (Regular Position)

Work Location: 95 Topflight Drive(4210), Mississauga, ON

Travel Requirements: None

Posting Category/Function: Marketing & Product Development

Requisition ID: 219712

Together, we'll make more possible, and these six shared values guide and define our work:

Our people are at the heart of our success

Our customers come first. They inspire everything we do

We do what's right, each and every day

We believe in the power of new ideas

We work as one team, with one vision

We give back to our communities and protect our environment

What makes us different makes us stronger. Rogers has a strong commitment to diversity and inclusion. Everyone who applies for a job will be considered. We recognize the business value in creating a workplace where each team member has the tools to reach their full potential. At Rogers, we value the insights and innovation that diverse teams bring to work. We work with our candidates with disabilities throughout the recruitment process to ensure that they have

what they need to be at their best. Please reach out to our recruiters and hiring managers to begin a conversation about how we can ensure that you deliver your best work. You matter to us! For any questions, please visit the Rogers
FAQ.</p></div></div> </div></div>Posting Notes: Corporate </div>
