

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

At Rogers, we connect Canadians to a world of possibilities and the memorable moments that matter most in their lives. Every day we wake up with one purpose in mind. To bring loved ones together from across the globe. To connect people to each other and the world around them. To help an entrepreneur realize their dream. A sports fan celebrate a special moment.

Because we believe connections unite us, possibilities fuel us, and moments define us.

As we grow our team, the well-being of our team members remains our top priority. To ensure the health and safety of our team members, including those in the recruitment process, our team members are temporarily working from home.

Come play a key role in building the future of Sports & Media! Everyone wants to be part of a transformational team and that's exactly what we're building at Rogers Sports & Media. A team that innovates and a team that wins.

At Rogers Sports & Media we are committed to creating and growing teams that are digital-first, fast-moving and bold-thinking and are focused on delivering impact with everything they do. Our impressive collection of assets includes media properties, sports teams, sports events & production, venues, e-commerce platforms and a close connection with our Connected Home and Wireless team. Collectively, we touch 30 million of Canadians every month!

Not only is our business strong, but so is our culture. We genuinely care about each other and working in an environment that allows each of us to bring our best authentic selves to work. That starts with our firm commitment to a diverse, inclusive and safe workplace. We're also dedicated to giving back by using our media megaphone to help Canadians who need it most. Our team is All IN on diversity and inclusion find out more at

Are you up for the challenge and the fun?

We are looking for a Full Stack Web Developer to join our entertainment brand teams. The successful candidate will be part of a fast-paced development team responsible for delivery of an exceptional online customer experience.

What you will do:

- Developing new user-facing features using React.js
- Work with and develop rich APIs powering our customer facing applications
- Building reusable components and front-end libraries for future use
- Translating designs and wireframes into high quality code

What you will bring:

- Strong proficiency in JavaScript, including DOM manipulation and the JavaScript object model
- Thorough understanding of React.js and its core principles
- Knowledge of WordPress and PHP
- Experience with popular React.js workflows (such as Flux or Redux)
- Familiarity with newer specifications of EcmaScript
- Experience with data structure libraries (e.g., Immutable.js)
- Knowledge of Next.JS is a plus
- Strong working knowledge of RESTful APIs
- Knowledge of modern authorization mechanisms, such as JSON Web Token
- Familiarity with modern front-end build pipelines and tools
- Experience with common front-end development tools such as Babel, Webpack, NPM, etc.

Ability to understand business requirements and translate them into technical requirements

A knack for benchmarking and optimization

Familiarity with code versioning tools

Willingness to learn backend systems a plus (Ruby, Go, NodeJS)

Here's what you can expect in return:

What you can expect in return:
• A competitive salary and benefits that include access to our Employee Share Accumulation Program, Retirement Benefits and a variety of other perks including 50% off Rogers services and Blue Jays tickets

A manager who deeply cares about your development and long-term career at Rogers

A team that trusts and wants to win together

Smart and accomplished colleagues who are focused on both the "what"; and the "how"

Ted Next'">Flexibility to work from home even after the pandemic ends

Your choice of hardware and software (iPhone or Android/Mac or PC etc.)

As we grow our team, the well-being of our team members remains our top priority. To ensure the health and safety of our team members, including those in the recruitment process, our team members are working from home, and are equipped to do so safely and efficiently
