

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

At Rogers, we connect Canadians to a world of possibilities and the memorable moments that matter most in their lives. Every day we wake up with one purpose in mind. To bring loved ones together from across the globe. To connect people to each other and the world around them. To help an entrepreneur realize their dream. A sports fan celebrate a special moment.

Because we believe connections unite us, possibilities fuel us, and moments define us.

As we grow our team, the well-being of our team members remains our top priority. To ensure the health and safety of our team members, including those in the recruitment process, our team members are temporarily working from home.

Business intelligence and analytics are critical for understanding customer behaviour to identify trends, drive informed decision making and growth. The analytics and dashboards our team delivers are key indicators to measure success and next course of action at Canada's largest telecommunication company.

We're looking for a Manager of BI & Analytics to lead and execute key data insights and showcase these results with intuitive dashboards. The primary area of focus is performance and trends within our Cable Footprint.

**What you will be doing:**

- Lead and execute the delivery of subscriber volume/value data analytics to drive critical decisions and tell the business narrative
- Design and develop dashboards in Tableau delivering key messages in an intuitive fashion
- Interact with business leaders and primes to align priorities, areas of focus and dashboard presentation
- Interact with various teams to lead the streamlining of processes and improve efficiencies
- Initiate and drive change by identifying areas of analytical focus that lead to results with integrity
- Automate controls and manage timely delivery of dashboards
- Lead and mentor to drive engagement and career growth within the Business Intelligence Finance team

**What you bring:**

- Minimum of 3 years of advanced SAS or SQL experience
- Minimum of 2 years of experience with Tableau or other data visualization tools
- Minimum of 2 years of Telecommunications analytics
