

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

At Rogers, we connect Canadians to a world of possibilities and the memorable moments that matter most in their lives. Every day we wake up with one purpose in mind. To bring loved ones together from across the globe. To connect people to each other and the world around them. To help an entrepreneur realize their dream. A sports fan celebrate a special moment. Because we believe connections unite us, possibilities fuel us, and moments define us. We are looking for a Learning Experience Designer to become an integral part of our team, where you will have the chance to innovate, grow, and excel. You have a passion for seamless and engaging learner experiences with your finger on the pulse of what makes content engaging for the adult learner. You also have experience with UX design, HTML/CSS, and QA testing. We highly value strong consultation skills, a desire to learn, a willingness to collaborate, and the ability to work in a dynamic, fast-paced environment. What you'll be doing:

- Taking client content and designing end-to-end digital user experiences and learning journeys.
- Developing, or advising on, the overall content framework, design, and strategy of microsites, digital content, and other learning products, to ensure alignment with our learning strategy.
- Writing engaging content that keeps users returning to our products.
- Leading clients throughout the project and actively collaborating with them to design a solution that meets their needs.
- Supporting the product team in executing development and implementation of products.
- Quality assurance testing for usability, UAT, and accessibility criteria.
- Conducting assessments on digital learning experiences and providing trends, insights, and recommendations to Product Managers, Designers, and Product Support Analysts.
- Supporting the launch and communication plans for major product releases.
- Championing usability, inclusion and accessibility.

What you bring:

- An obsession with the impact of UX in building rich digital learning experiences. You are always user-driven, leading with empathy, and designing with purpose.
- Writing skills for a digital medium and the ability to easily adapt to the styles of multiple products and learners.
- Comfort and confidence working with clients with varying familiarity with product capability and limitations.
- 5+ years in a learning function.
- 3+ years experience with HTML, CSS (Tailwind), and Jira.
- Experience with Content Management Systems and prototyping an asset.
- Experience in an agile environment working with cross-functional teams.

As a condition of hire, all new employees will be required to provide proof of vaccinations against COVID 19. Any request for an exception under Human Rights legislation must be supported by evidence to be considered by Rogers on a case by case basis.

Please click [here](https://performancemanager4.successfactors.com/RCI/Medical_Exemptions_to_Covid_19_Vaccination_EN.pdf) to review conditions that may qualify for medical exemption to the COVID-19 vaccine.
