

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Revenue Assurance Analyst

Job ID	26-77-34-09-50-6B	
Web Address	https://careers.indigenous.link/viewjob?jobname=26-77-34-09-50-6B	
Company	Northwestel	
Location	Yellowknife, Northwest Territories	
Date Posted	From: 2022-07-14	To: 2022-08-13
Job	Type: Full-time	Category: Telecommunications
Languages	English	

Description

Northwestel is hiring a detail-oriented Revenue Assurance Analyst to join the Accounting and Finance team! This position reports to the Manager, Accounting and is responsible for examining and investigating revenue streams. This position assists in resolving problems, which increases confidence in Northwestel's revenue generating systems and revenue results. The resulting reports will allow for informed strategic and tactical decisions.

Employment Equity

Northwestel values diversity in the workplace and is committed to the goals of Employment Equity. We strive to achieve a skilled workforce that is representative of the population we serve, and as a Northern company, we are committed to the employment and career development of our Indigenous peoples. Candidates must clearly indicate on their application if they are an Indigenous person, a woman, a person with a disability, or a visible minority if they wish to receive hiring preference.

General Accountability

Reporting to the Manager, Accounting, the Revenue Assurance Analyst is responsible for examining and investigating revenue streams. This analytical assurance work proves that revenue exists, is complete and properly recorded. This ensures that material problems are identified and the Revenue Assurance Analyst assists in resolving the problem, which increases confidence in Northwestel's revenue generating systems and revenue results. The resulting reports will allow for informed strategic and tactical decisions.

Specific Accountabilities

Conducts regular examinations of accounting, financial, operating and computer system controls within NorthwesTel that relate to revenue assurance;
Investigates irregularities or questionable examination results and documents findings;
Recommends solutions for identified problems;
Assists in implementing solutions;
Follow-up at next regular examination or earlier as required; and
Summarizes results for review by others.
Other assigned duties as required.

Actively participate in the Health & Safety program by working in compliance with OH&S Acts and Regulations, completing required training and reporting immediately to your Supervisor or Workplace H & S Committee member any work-related hazards and concerns.

Knowledge and Competencies Required

A University degree in Business or Commerce or Information Systems.

Minimum two years experience with data analysis.

Revenue accounting knowledge or experience is an asset.

Business acumen and strong analytical skills.

Must be able to demonstrate an understanding of both PC and mainframe environments, along with proficiency in a data base querying language, preferably SQL.

Efficiency in the use of the Microsoft Office suite of services, specifically Outlook, Word, and Excel.

Strong interpersonal skills and communication skills (both written and oral).

Knowledge of telecommunications systems such as, networks and switching, customer order, file transfer, and billing would be an asset.

Must score 70% or above on the Microsoft Excel test.

Must score 26 or above on the Criteria Cognitive Aptitude Test.

Participation in organizational health and safety and/or knowledge of H&S regulations in Canada, will be considered an asset.

As part of the recruitment process for this position, candidates may be required to take pre-employment tests and/or complete work simulation exercise to assess job fit.

As a safety conscious CORâ„¢ Certified organization, we have an established and comprehensive safety program. We expect all employees to participate in our organizational health and safety programs, adhering to all safe work procedures focused on continuous improvement.
