

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Web Address</b>	<a href="https://careers.indigenous.link/viewjob?jobname=26351-6466">https://careers.indigenous.link/viewjob?jobname=26351-6466</a>	
<b>Company</b>	McMaster University	
<b>Location</b>	Hamilton, ON	
<b>Date Posted</b>	From: 2019-05-14	To: 2050-01-01
<b>Job</b>	Type: Full-time	Category: Education

### Description

ACADEMIC RESPIROLOGIST Department of Medicine, McMaster UniversityThe Department of Medicine, Faculty of Health Sciences at McMaster University, and Hamilton Health Sciences invite applicants for an Academic Physician to join the Division of Respiriology. Academic rank will commensurate with the candidate's qualifications and experience. The applicant's primary role will be working as an Academic Respiriologist with a special interest in chronic obstructive pulmonary disease and severe airway diseases. An established record of translational research in this area will be considered an asset, given the opportunities for collaboration within the McMaster airway disease group. Additional training and education (and preferably a graduate degree) in airway diseases is a requirement, including the interpretation of airway biomarkers (sputum inflammometry, exhaled nitric oxide) and bronchial provocation tests (direct and indirect) for disease management, and experience with the selection and prescription of monoclonal antibodies in severe asthma. Clinical responsibilities include inpatient respirology consultation and pulmonary rehabilitation services, as well as bronchoscopy, and general respirology and complex airway disease clinics. The successful candidate will be a full time member of the Division of Respiriology and is expected to contribute to the academic mission of the Faculty and Division. This is a Clinician Educator position and the successful candidate is required to have experience in undergraduate and post-graduate education. In addition, innovative and scholarly research and the aptitude for collaboration would be expected. Applicants should be licensed or eligible for licensure with the College of Physicians and Surgeons of Ontario and should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada. Applicants must have also completed sub-speciality training in Respiratory Medicine and have additional training/education in complex airway disease. The successful candidate will be expected to fully participate in all appropriate departmental and divisional educational activities, and on-call responsibilities. Please apply online via the McMaster Academic Careers website (<http://www.workingatmcmaster.ca/careers/>) addressing your application to: Lorrie Reurink, Manager, Human Resources and Faculty Recruitment. Interested applicants must include an up to date curriculum vitae, description of training and research experience as well as the names and addresses of three professional referees. Applications will begin being reviewed on May 28, 2019. All qualified applicants are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: "Yes, I am a citizen or permanent resident of Canada" or "No, I am not a citizen or permanent resident of Canada";
