Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Forests: Quesnel

Practices Forester

BC Timber Sales (BCTS) manages about 20 per cent of the province's allowable annual cut for Crown timber, generating economic prosperity for British Columbians through the safe, sustainable development and auction of Crown timber. The goal of BCTS is to provide credible representative price and cost benchmark data for the market pricing system through auctions of timber harvested from public land in BC.

The Practices Forester is accountable for performing a wide variety of professional services including operational planning, cut block and forest road layout and development, planning and evaluating silviculture activities, and ensuring compliance with the Forest Stewardship Plan. The range of duties assigned to a particular Practices Forester will vary from Business Area to Business Area due to the geographic location, apportionment and management requirements.
