

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Company	McMaster University	
Location	Hamilton, ON	
Date Posted	From: 2019-10-25	To: 2050-01-01
Job	Type: Full-time	Category: Education

Description

Hamilton Health Sciences, one of the largest comprehensive academic health sciences centre in the country, provides a full-range of acute and non-acute clinical programs to a population base of more than 2-million people. Our hospital operates four sites with more than 1,000 talented physicians and 8,000 caring employees. Through our affiliation with McMaster University and partnerships with many health-care providers and community agencies, Hamilton Health Sciences is at the forefront of innovation and excellence in care, service and research. The Faculty of Health Sciences at McMaster University has been a world leader in innovation for more than 30 years. In fact, the success of the "McMaster method", which integrates education into the provision of clinical treatment, has been copied by leading medical schools around the world. We rigorously apply scientific, problem-based learning in the education of physicians and other health professionals.

Academic Maternal-Fetal Medicine Specialist Physician Department of Obstetrics and Gynecology The Division of Maternal Fetal Medicine in the Department of Obstetrics and Gynecology in the DeGroote School of Medicine at McMaster University, Hamilton, Ontario invites applications for the position of Academic Maternal Fetal Medicine specialist. This full-time position is located at Hamilton Health Sciences – McMaster Site. The Division offers tertiary care in Maternal and Fetal Medicine for the City of Hamilton, LHINs 3, 4 (Waterloo Wellington, Hamilton Niagara, Haldimand and Brant) and the Halton Healthcare portion of LHIN 6. This is a referral base of approximately 30,000 deliveries per year. Candidates should have successfully completed subspecialty training in Maternal Fetal Medicine and have (or be eligible for) full license to practice with CPSO. The successful candidate will be expected to be part of the current group of 7 MFM subspecialists. They should be able to fully function as a MFM sub-specialist in the full spectrum of the specialty, including pregnancy care, prenatal diagnosis and fetal ultrasound as well as cover L&D and participate in General Obstetrical and MFM after-hours call schedule. The successful candidate is expected to have experience and commitment to teaching all levels of learners, including medical students, residents and Clinical Fellows. Additionally, the selected candidate will possess demonstrated skills in clinical research and have active research involvement. This is a full-time faculty position for a period of three years (renewable). Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada and must be licensed (or eligible for licensure) in the Province of Ontario. Academic rank will be commensurate with the candidate's qualifications and experience. Salary is composed of, largely, fee-for-service activities and point based compensation from the academic AFP for educational and research activities All qualified applicants are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applicants must include one of the following statements: Yes, I am a citizen or permanent resident of Canada or No, I am not a citizen or permanent of Canada. For more information about the position, please contact: Dr. Patricia Smith Division Head of MFM and Deputy Chief of Obstetrics McMaster University Medical Centre (905) 521-2100 ext 76210 or pasmith@mcmaster.ca And: Dr. N. Leyland, Chair Department of Obstetrics and Gynecology McMaster University, Faculty of Health Sciences, HSC-2F391280 Main Street West Hamilton, Ontario, Canada L8S 4K1 Fax: 905-577-0471 Email: roeschf@mcmaster.ca Consideration of applications will begin November 1, 2019 and will continue until a suitable candidate has been identified. This position will begin in the July 1, 2020. McMaster University is strongly committed to Employment Equity within its community and to recruiting a diverse faculty and staff. The University encourages applications from all qualified candidates, including women, members of visible minorities, Aboriginal persons, members of sexual minorities and persons with disabilities. In accordance with Canadian immigration requirements, Canadian Citizens and Permanent Residents of Canada will be considered first.
