

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

#### About the Opportunity

Our Calgary office is looking for a capable and enthusiastic civil engineering technology student to join our team for a 4 or 8-month work term joining us May 2023!

We understand the need for you to have meaningful work terms during your education, so we strive to create opportunities that are challenging, multifaceted and rewarding. Our goal is for you to come away with an enhanced skill set that will serve you well in your future career as a technologist. This opportunity will involve varied experience working with seasoned veterans and recent graduates alike.

Typical duties may include:

- Preparation of as-built drawings for record submission
- Civil drafting associated with land development projects and other infrastructure work
- Drafting detailed engineering drawings based on verbal instruction and/or hand sketches
- Ensuring quality control and verifying accuracy of your production work
- Communicating with team members and project leaders
- Be part of a diverse and dynamic team with coaching and mentorship opportunities

### Experience

#### About You

Our preferred candidate is currently enrolled in an Engineering Technology program and possesses the following skills, strengths, and interests:

- Strong computer skills. Familiar with AutoCAD design products
- Familiarity with Civil 3D would be considered an asset
- High attention to detail
- Proactive, able to take initiative and able to thrive in a fast-paced environment
- Excellent written and verbal communication skills
- Willingness to help where needed on a variety of projects, including general civil infrastructure design and production
- Committed to ongoing personal and professional development

### Work Environment

#### Our Commitment to You

At Urban Systems we make significant investments in our people, which is why we take great care to hire those who we believe will thrive in Urban Systems over the long term. We've become recognized as a workplace of choice by nurturing a unique corporate culture that sets us apart and provides:

- Challenging and interesting project opportunities;
- A fun workplace, where hard work accomplishes great things;
- The opportunity to work with industry leading professionals in a collaborative environment;
- Ongoing career development and learning; and
- Meaningful rewards and recognition.

### Other

#### About Us

At Urban Systems, vibrant communities are everything-including our own work community. Since 1975, we have grown to more than 600 people with 15 offices across Canada. Every day, our purpose-driven team works closely with our clients and their communities to deliver impactful work. We are proud to work with diverse clients including Indigenous communities, all levels of government, commercial and residential land developers, and the natural resource sector.

We care for our communities and for our people. It's our differences that make us exciting, and our shared belief in Urban Systems that binds us together. We're searching for the creative and passionate and the curious and courageous to join us in creating meaningful and generational change in communities.

### How to Apply

Click "Apply Now"

If this describes your background, skills and attributes please visit our website for more information and submit your resume, transcripts and cover

letter. If it doesn't describe you exactly but you feel you are well suited to this opportunity, we encourage you to apply.

Urban Systems is an equal opportunity employer. We strive to create an inclusive culture for all employees. Our clients come from all walks of life and so do you. We believe that diversity and unity amongst our teams leads to building vibrant communities.

Deadline for applications: Monday, February 6, 2023, at 10:00 am MST
