

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Forests, Lands, Natural Resource Operations and Rural Development

This position can be performed from any of the following communities: Kamloops and Penticton
Section Head – Regional Water Management

\$67,495.11 - \$84,301.57 annually

Water is fundamental to BC's communities, ecosystems, food supply and economy. The provincial water program is a diverse group of environmental professionals who help support and make informed decisions with evidence-based policy and sound science. Program staff collaborates with internal and external partners to help ensure provincial water management is effective and sustainable. The program administers authorization for works in and about a stream under the Water Sustainability Act. It also oversees aspects of flood safety, dike inspection, dam safety and provision of technical hydrologic advice to internal and external government stakeholders. Program staff also oversee the operation of the Nicola dam.

As the Section Head, you will provide leadership and licensed professional oversight for water authorization programs in the Thompson Okanagan Region, including supervision of staff, managing stakeholder relationships, applying legislation, policies and standards, contributing to provincial water allocation and stewardship policy, overseeing a wide variety of technical and professional projects and activities, management of special projects to adapt to local service needs, stakeholder relationships and making statutory decisions as an authority under provincial legislation.

You will play a critical role in overseeing all Thompson Okanagan Region's Water Sustainability Act approvals, the management of water related issues, and representing the Ministry in Water Sustainability Act appeals. You are vital to managing staff and communicating with staff, government agencies, the executive and the public, both in writing and orally. You also oversee a team of professional, technical and clerical staff and are responsible for team performance, human resource issues and training and development.

Qualifications for this role include:

• Degree in a natural resource or engineering field and 5 years of related experience.

• Registered, or immediately eligible for registration with the British Columbia professional association as required by the specialty area (i.e. Institute of Agrologists, Engineers & Geoscientists BC). Note: primary example of immediate eligibility of registration is being currently registered as a professional in another Canadian province and that registration can be immediately transferred to the BC professional association of your specialty area.

• Minimum of 2 years of experience managing technical and/or professional staff in resource management or infrastructure development.

• Experience in negotiating/mediating solutions.

• Valid BC driver's license or equivalent.

• Preference may be given to candidates with experience in hydrology.

How to Apply

For more information and to apply online by December 5, 2018, please go to:
