

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Crane Operator

Job ID	3516-7081	
Web Address	https://careers.indigenous.link/viewjob?jobname=3516-7081	
Company	CEDA	
Location	Edmonton, Alberta	
Date Posted	From: 2019-12-23	To: 2050-01-01
Job	Type: Full-time	Category: Engineering

Description

Key Duties and Responsibilities

- Daily inspection and maintenance on the crane: safety, cleanliness, everything!
- Carry out specific work plans assigned by the Operations Departments including the movement of equipment within a shop environment or on site
- Coordinate with maintenance department for maintenance/inspection of cranes and advise Operations Departments of planned down time for maintenance
- Responsible for your safety and those around you:
- Awareness of overhead concerns and buried or concealed factors which may cause unsafe operation
- Safe blocking on all sides for leveling and stabilization the crane to prevent tipping and/or sliding
- Understanding of hand signals and load limits of the crane
- Promote a positive safety culture with a target for zero incidents

- Other duties as required including working with our other service lines! Pressure and Vacuum, Chemical Cleaning and Mechanical

Role Specifications

- Journeyman Crane Operator ticket is required
- Class 1 required
- Familiarity with an 80 ton Terex RT Crane is beneficial
- Pre-employment drug and alcohol testing is required

Skills

- You're happiest working in a team, sharing a laugh with your coworkers and getting the job done safely
- You've got an open mind and an eagerness to learn: the work will vary, it's not just operating the crane!
- Able to work outdoors in harsh weather conditions
- You are safety focused when it comes to people and equipment

The above statements are intended to describe the general nature and level of work being performed. They are not intended to be an exhausted list of all responsibilities, duties and skills required.
