

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Department of Radiology

The Department of Radiology, Faculty of Health Sciences at McMaster University, Hamilton Health Sciences and St. Joseph's Healthcare Hamilton invite applicants for the position of Academic Nuclear Medicine Physician to join the Department. This is a full-time faculty position for a period of three years renewable. Academic rank will be commensurate with the candidate's qualifications and experience. The Hamilton program offers a full gamut of nuclear medicine services both therapeutic and diagnostic. Therapies include Ra-223, Iodine-131 for both benign and malignant disease, and participation in OCOG funded Lu-177 clinical trials. In addition, we are participating in other pharma funded therapeutic trials. We offer a full nuclear cardiology program and any candidate is expected to participate fully in the stressing and interpretation of these studies. We perform all general nuclear medicine studies including I-123 MIBG as part of neuroendocrine and pediatric oncology programs. Over 3000 PET scans are performed annually for both cardiac and oncologic indications. This includes myocardial perfusion imaging with Rubidium-82 PET but also cardiac imaging for endocarditis, sarcoid, and cardiac viability. We are participating in clinical trials with F-18 PSMA PET imaging. The successful candidate will be a full-time member of the Department of Radiology and will be expected to contribute to the academic mission of the Faculty and Department. The successful candidate should also have interest in undergraduate and post-graduate teaching in nuclear medicine. The members of the department pool fee-for-service billings according to the Ministry of Health and Long Term Care Schedule of Benefits. We participate in an academic alternate funding plan. McMaster University has a benefit program for Geographic Full Time Faculty. The Department of Nuclear Medicine is committed to the fair and equitable distribution of work assignments. Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada and must be licensed (or eligible for licensure) in the Province of Ontario. Please apply online via the McMaster Academic Careers website (<http://www.workingatmcmaster.ca/careers/>) directing your application to: Dr. Chris Marriott, Ph.D., M.D., FRCPC Interim Chief, Nuclear Medicine and Molecular Imaging

Hamilton Health Sciences and St. Joseph's Healthcare Hamilton

Associate Professor of Radiology and Medicine
Department of Radiology, Faculty of Health Sciences
McMaster University
Interested applicants must include an up to date curriculum vitae, description of training and research experience as well as the names and addresses of three professional referees. All qualified applicants are encouraged to apply; however, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: "Yes, I am a citizen or permanent resident of Canada" or "No, I am not a citizen or permanent resident of Canada". McMaster University is located on the traditional territories of the Haudenosaunee and Mississauga Nations and within the lands protected by the "Dish With One Spoon" wampum agreement. The diversity of our workforce is at the core of our innovation and creativity and strengthens our research and teaching excellence. In keeping with its Statement on Building an Inclusive Community with a Shared Purpose, McMaster University strives to embody the values of respect, collaboration, and diversity, and has a strong commitment to employment equity. The University seeks qualified candidates who share our commitment to equity and inclusion, who

will contribute to the diversification of ideas and perspectives, and especially welcomes applications from indigenous (First Nations, Metis or Inuit) peoples, members of racialized communities, persons with disabilities, women, and persons who identify as 2SLGBTQ+. As part of McMaster's commitment, all applicants are invited to complete a confidential Applicant Diversity Survey through the online application submission process. The Survey questionnaire requests voluntary self-identification in relation to equity-seeking groups that have historically faced and continue to face barriers in employment. Please refer to the Applicant Diversity Survey - Statement of Collection for additional information. Job applicants requiring accommodation to participate in the hiring process should contact the Human Resources Service Centre at 905-525-9140 ext. 222-HR (22247) or the Faculty of Health Sciences Human Resources office at ext. 22207 to communicate accommodation needs
