

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

About Toronto Metropolitan

At the intersection of mind and action, Toronto Metropolitan University is on a transformative path to become Canada's leading comprehensive innovation university. Integral to this path is the placement of equity, diversity and inclusion as fundamental to our institutional culture. Our current academic plan outlines each as core values and we work to embed them in all that we do. We welcome those who have demonstrated a commitment to upholding the values of equity, diversity, and inclusion and will assist us to expand our capacity for diversity in the broadest sense. In addition, to correct the conditions of disadvantage in employment in Canada, we encourage applications from members of groups that have been historically disadvantaged and marginalized, including First Nations, Metis and Inuit peoples, Indigenous peoples of North America, racialized persons, persons with disabilities, and those who identify as women and/or 2SLGBTQ+. Please note that all qualified candidates are encouraged to apply; however, applications from Canadians and permanent residents will be given priority. In April 2022, the university announced our new name of Toronto Metropolitan University, which will be implemented in a phased approach. Learn more about our next chapter. About Facilities Management and Development Toronto Metropolitan University's Facilities Management and Development (FMD) department involves care of the physical environment of the campus and strategic planning for existing and future spaces, including the impacts of those spaces. FMD is responsible for functions including Environmental Health and Safety, Facilities Services, Maintenance and Operations, Planning and Development, Project Management Office, Real Estate, and Sustainability.

The Opportunity

We are looking for an experienced Electrician / Fire Alarm Technician to join our team! This is a full-time permanent position. As an Electrician / Fire Alarm Technician, you will maintain the fire alarm and electrical systems of the University in a safe, efficient, organized and serviceable operating condition on a continuing basis. You will be committed to providing excellent client service to staff, faculty, students and the Toronto Metropolitan University community. Responsibilities may include, but are not limited to the following:

- Performs preventative, demand and corrective maintenance of fire alarm and electrical
- Systems. Inspecting, troubleshooting, repair, logs data and service fire-alarm and electrical systems complying with/meet all applicable standards, codes and regulations of the NFPA, Ontario Fire Code, CSA/ Ontario Hydro Electrical Systems.
- Read and interpret specifications and drawings for building electrical services and fire
- alarm systems and electrical/fire alarm code specifications to determine wiring layout for
- new and/or existing installations.
- Undertakes a comprehensive preventative maintenance program and ensures that proper
- maintenance cycles are maintained and reported to the supervisor.
- Keeps up-to-date with changing technology and techniques that are pursuant to the trade.
- Please refer to the job description for all responsibilities (Available upon request).

What TMU has to offer employees: There is something for everyone! Employees are eligible for many benefits, services and discounts including:

- Convenient location downtown at Yonge and Dundas, accessible by transit and car.
- Consistent and guaranteed shifts (40 hours per week).
- Competitive Benefits Package: Group benefits including comprehensive health and dental, emergency travel care, employee and family assistance program (EFAP), life and business travel accident insurance.
- Retirement Pension Plan (RRPP): Participation in a defined benefit pension plan.
- Tuition Waiver/Rebate: Eligible employees and their spouses and dependents have access to various programs and courses offered by TMU.
- Discounted TTC Metro pass
- Health & Fitness: Reduced membership rate to two (2) Athletic Centres which includes group fitness classes, massage therapy, personal training and aquatics.
- Medical Centre: Access to the TMU medical centre which provides a range of medical services on campus.
- Onsite Daycare: Full-time and part-time daycare, and before and after school program.

Qualifications

- Minimum of three (3) years of experience as a capable Fire Alarm Technician and licensed Journeyman Electrician (construction and maintenance), performing fire alarm system maintenance, preferably with extensive experience in Edwards and Simplex fire alarm panels and related equipment.
- Successful completion of a current Ontario Fire Alarm Technicians Certificate and a current Journeyman Electrician license, both in construction and maintenance.
- Strong written and verbal English communication skills and ability to use handheld communication devices are required.
- Electrical maintenance and repair experience in a complex industrial, commercial or institutional facility with low voltage and 13.8 kV substations. Switchgear, transformers, circuit breakers, panels, buss and wire distribution systems extending from 24V to 600V AC single and three-phase services for a wide range of equipment including fan motors, variable frequency drives, furnaces, electronic equipment, synchronized clock systems, fire alarm and annunciator systems, security surveillance systems and a variety of electronic/electric or electro-pneumatic control systems of the heating and ventilation systems.
- Experience reading and interpreting blueprints, diagrams, submittals, specification, software/systems, schematics and operational /product manuals.
- Working knowledge of the National and Ontario Fire Codes, and the NFPA, CSA and Ontario Hydro Electrical Systems recommended practices.
- Working knowledge of all computerized HVAC panels, computerized lighting systems, WHMIS and Occupational Health and Safety Act.
- Basic computer skills and ability to prioritize the order in which work orders are completed is required.
- Demonstrated ability to work independently and within a team environment.

Additional Requirements: Ability to work in undesirable and disagreeable conditions such as dust, dirt, fumes, extreme temperatures (excessive cold or heat) and potential hazards, etc.

Must be capable of heavy lifting and other strenuous physical activity such as: continuous walking; standing; kneeling; climbing ladders; working on the back, sides and above shoulder for extended periods of time; working in confined spaces; working on scaffolds, air lifts or elevated equipment.

Must be willing and able to wear and use personal protective equipment (PPE) and clothing.

Must demonstrate a record of attendance, reliability and dependability.
