

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

About Toronto Metropolitan

At the intersection of mind and action, Toronto Metropolitan University is on a transformative path to become Canada's leading comprehensive innovation university. Integral to this path is the placement of equity, diversity and inclusion as fundamental to our institutional culture. Our current academic plan outlines each as core values and we work to embed them in all that we do. We welcome those who have demonstrated a commitment to upholding the values of equity, diversity, and inclusion and will assist us to expand our capacity for diversity in the broadest sense. In addition, to correct the conditions of disadvantage in employment in Canada, we encourage applications from members of groups that have been historically disadvantaged and marginalized, including First Nations, Metis and Inuit peoples, Indigenous peoples of North America, racialized persons, persons with disabilities, and those who identify as women and/or 2SLGBTQ+. Please note that all qualified candidates are encouraged to apply; however, applications from Canadians and permanent residents will be given priority. In April 2022, the university announced our new name of Toronto Metropolitan University, which will be implemented in a phased approach. Learn more about our next chapter.

About Facilities Management and Development

Toronto Metropolitan University's Facilities Management and Development (FMD) department involves care of the physical environment of the campus and strategic planning for existing and future spaces, including the impacts of those spaces. FMD is responsible for functions including Environmental Health and Safety, Facilities Services, Maintenance and Operations, Planning and Development, Project Management Office, Real Estate, and Sustainability.

The Opportunity

We are looking for a licensed and experienced Refrigeration/Air Conditioning Systems Mechanic to join our team! This is a full-time permanent position. In this position, you will be responsible for maintaining the mechanical equipment of Toronto Metropolitan University in an efficient, safe and serviceable operating condition on a continuing basis. This includes coordinating preventive and corrective maintenance, inspecting, troubleshooting, repairing and modifying building mechanical systems, control systems and wide variety of machines and equipment. You will also be committed

to providing excellent client service to staff, faculty, students and the Toronto Metropolitan University community. Responsibilities may include, but are not limited to the following:

- Maintains and troubleshoots all heat pumps, packaged A/C units, and related auxiliary equipment.
- Maintenance of steam traps, strainers, valves, packings, controls, etc, which form part of the boiler plant, cooling plant and HVAC systems.
- Installs and relocates machines and equipment.
- Maintains and operates heating and cooling equipment, and all machine tools in the maintenance shop for fabricating and metalworking.
- Undertakes a comprehensive preventative maintenance program and ensures proper maintenance cycles are maintained and reported to the supervisor.
- Assists the Supervisor in training of Maintenance Mechanic & personnel.
- Follows safe work practices while undertaking duties.
- Informs supervisor of all abnormalities, defects, and malfunctioned equipment.
- Performs all duties of Maintenance Mechanic & if required.
- Keeps up-to-date with changing technology and techniques pertinent to the trade.
- Please refer to the job description for all responsibilities (Available upon request).

What Toronto Metropolitan University has to offer employees: There is something for everyone!

Employees are eligible for many benefits, services and discounts including:

- Convenient location downtown at Yonge and Dundas, accessible by transit and car.
- Consistent and guaranteed shifts (40 hours per week).
- Competitive Benefits Package: Group benefits including comprehensive health and dental, emergency travel care, employee and family assistance program (EFAP), life and business travel accident insurance.
- Retirement Pension Plan (RRPP): Participation in a defined benefit pension plan.
- Tuition Waiver/Rebate: Eligible employees and their spouses and dependents have access to various programs and courses offered by Toronto Metropolitan University.
- Discounted TTC Metro pass
- Health & Fitness: Reduced membership rate to two (2) Athletic Centres which includes group fitness classes, massage therapy, personal training and aquatics.
- Medical Centre: Access to the Toronto Metropolitan University medical centre which provides a range of medical services on campus.
- Onsite Daycare: Full-time and part-time daycare, and before and after school program.

Qualifications

- Successful completion of an Ontario license as a Journeyperson Refrigeration/Air Conditioning Systems Mechanic 313A, ODP license and Gas Fitter 2 license.
 - Minimum of five (5) years of related work experience carrying out general maintenance in a complex industrial, commercial or education facility.
 - Required experience includes:
 - Gas and arc welding; metal machining; light gauge metal fabrication;
 - Fitting and setting machine components as well as complete units;
 - Fitting and adjusting mechanical seals and packing glands;
 - Adjusting, repairing and modifying heating and ventilating systems and their auxiliary equipment.
- (Auxiliary equipment includes: electrostatic and media filters, fans, pneumatic and electronic controls and motors, ducts, dampers, diffusers, radiators, convectors, reheat coils, gas or oil burners, and

combustion controls, centrifugal chiller units, cooling towers, heat pumps, air compressors, vacuum pumps, emergency generators etc.).

- Reading and interpreting drawings and specifications applying to mechanical trades.
- Using standard workshop tools (both hand and electric).

- Strong written and verbal English communication skills are required.
- Knowledge of WHMIS and Occupational Health & Safety Act.
- Ability to use handheld communication devices.
- Demonstrated ability to work independently and within a team environment.

Additional Requirements: Ability to work in undesirable and disagreeable conditions such as dust, dirt, fumes, extreme temperatures (excessive cold or heat) and potential hazards, etc.

- Must be capable of heavy lifting and other strenuous physical activity such as: continuous walking; standing; kneeling; climbing ladders; working on the back, sides and above shoulder for extended periods of time; working in confined spaces; working on scaffolds, air lifts or elevated equipment.
- Must be willing and able to wear and use personal protective equipment (PPE) and clothing.
- Must demonstrate a record of attendance, reliability and dependability.
