

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Date Posted	From: 2021-07-01	To: 2050-01-01
Job	Type: Full-time	Category: Education

Description

Pediatric Anesthesia Specialist - Full Time (Clinician Educator) The Department of Anesthesia, Faculty of Health Sciences, McMaster University and Hamilton Health Sciences Corp. invite applicants for an Academic Physician in the sub-specialty of Pediatric Anesthesia to join the Department as full-time faculty for a period of three years (renewable). Academic rank will be commensurate with qualifications and experience. Applicants will be required to deliver services to a robust pediatric clinical practice at McMaster University Children's Hospital. Qualified applicants will have completed sub-specialty certification in Pediatric Anesthesia including the following:

- with a combination of clinical, research and education activities have been undertaken
- with demonstrated experience in teaching undergraduate medical students and postgraduate residents in pediatric anesthesia
- with research training which includes experience with meta-analysis in order to participate/supervise/lead research projects
- with training in acute pain and transitional pain service in pediatric anesthesia

Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada and must be licensed (or eligible for licensure) in the Province of Ontario. The McMaster University stream of Clinician Educator involves, but is not limited to, the supervision and teaching of undergraduate MD students; the supervision and teaching of anesthesia residents; participation in continuing medical education; and significant engagement in educational research and innovation is expected.
