

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Ministry of Transportation and Infrastructure

Coquitlam

IT Asset Management Lead

\$72,724.97 - \$83,014.85 annually plus 9.9% Temporary Market Adjustment

A great opportunity to take the next step in your career

The IT Management Lead manages ministry electronic field devices, network components and IT equipment consistent with established procedures for tracking assets, devices and associated accessories throughout their lifecycles. This role oversees the application of IT asset management policies, procedures and processes including processes to effectively manage IT assets in accordance with standard cybersecurity practices.

The BC Public Service is committed to creating a diverse workplace to represent the population we serve and to better meet the needs of our citizens. Consider joining our team and being part of an innovative, inclusive and rewarding workplace.

The Indigenous Applicant Advisory Service is available to applicants that self-identify as Indigenous (First Nations, status or non-status, Métis, or Inuit) seeking work or already employed in the BC Public Service. For advice and guidance on applying and/or preparing for an interview for this opportunity, we invite applicants to connect with the Indigenous Applicant Advisor Amanda by email: [IndigenousApplicants@gov.bc.ca](mailto:IndigenousApplicants@gov.bc.ca) or by phone: 778-698-1336.

Qualifications for this role include:

• Bachelor's Degree or higher in computer science field or equivalent and three (3) years of related experience; OR,

• Diploma in computer science field or equivalent and five (5) years of related experience; OR,

• An equivalent combination of education and experience may be considered.

• Related Experience must include the following:

- o Minimum of three years' experience in the field of IT software asset management or telecommunication equipment asset management.
- o Experience with asset tracking and management of electronic field devices, network and telecom equipment, firmware, IT software and IT hardware.
- o Experience with asset tracking and reporting tools such as ServiceNow or Jira ServiceDesk or custom telecom asset management software tools.
- o Experience developing standards and processes for asset classification and management.
- o Experience with managing and maintaining an IT inventory in a regulatory environment.
- o Experience developing customized reports for stakeholders.
