

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Sales and marketing experience rewarded

Manage and maintain relationships with FCC software customers, partners and potential partners to ensure maximum reach and engagement in the Canadian AgTech market.

What you'll do:

- Proactively develop and maintain relationships with customers and key influencers
- Represent FCC at trade shows and industry events
- Contact customers directly through personal visits, email, or telephone
- Organize and deliver seminars and webinars to customers and prospects
- Help develop marketing strategies and programs to promote AgExpert software

What we're looking for:

- Trusted team member who focuses on the customer
- Problem-solver who is able to identify and recommend opportunities for improvement
- Relationship-builder able to work with internal and external partners
- Skilled communicator who can turn technical concepts, jargon and information into plain language What you'II need:
- Diploma or undergraduate degree in agriculture, business or marketing and at least four years of experience (or an equivalent combination of education and experience)
