

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Closing Date (MM/DD/YYYY): 04/26/2021

Worker Type: Term (Fixed Term)

Language(s) Required: English, French

Term Duration (in months):10

Budgeting and advisory skills required

Collaborate with department and project managers on budgeting, financial analysis and other related activities that support corporate objectives. This position is designated bilingual (English and French), and the successful candidate must be able to communicate in both of Canada's official languages.

What you'll do:

- Provide financial expertise to internal partners on budgeting, forecasting and variance reporting
- Apply financial due diligence to project submissions and related processes
- Complete financial analysis to support decision-making

What we're looking for:

- Confident communicator with strong analytical skills
- Multi-tasker who is organized and detail-oriented
- Team player who can build strong business partnerships

What you'll need:

- A degree in accounting, business or commerce and at least three years of related experience (or equivalent combination of education and experience); fluency in both official languages is an asset
- An accounting designation (or a completed graduate program)
