

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Closing Date (MM/DD/YYYY): 03/06/2021

Worker Type: Term (Fixed Term)

Language(s) Required: English

Term Duration (in months): 21

Financial management expertise rewarded

Prepare FCC's financial plan, targets and forecasts, develop sensitivity analysis, and interpret results.

What you'll do:

- Collaborate with co-workers to gather data to prepare financial plans, targets and forecasts
- Co-ordinate the overall financial planning process
- Assess changing risks and opportunities using scenario and sensitivity analyses
- Prepare complex financial analysis to develop assumptions for financial modeling systems and projections
- Implement the financial planning framework, analyze trends and make recommendations

What we're looking for:

- Organized problem-solver comfortable in a fast-paced environment
- Multi-tasker able to manage a variety of critical tasks effectively and efficiently
- Relationship-builder who partners with others to collaborate and share knowledge
- Strategic thinker able to assess the impact of financial results on business operations
- Team player who embraces change and strives to improve and innovate processes

What you'll need:

- Undergraduate degree in finance, economics or commerce, a professional accounting designation and at least five years of experience (or an equivalent combination of education and experience)
