

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Fort McMurray, Alberta (CA-AB)

JOB NUMBER: 24554

Why you should join us: Do you have experience in projects, risk, control and strategy? Would you enjoy using your knowledge to collaborate with others to develop and revise governance policies and procedures? We are looking for a new team member to develop and enforce clear methodologies, compliance mandates, interactions and processes, and to ensure design and delivery of services is aligned with the project performance goals. You will use your expertise to:

- Take initiative to ensure that tailing projects gate reviews are done in compliance with our Asset Development and Execution Model (ADEM) to ensure project delivery meets high governance standards
- Show dedication by ensuring that all applicable deliverables under each project stage are delivered effectively in accordance with our standards
- Lead entire monthly and quarterly project stewardship to make sure project progress information is available for timely decision-making to senior leadership
- Run the project risk register for individual projects and for the entire tailing projects portfolio
- Use your analytical skills to provide the project team with a picture of individual project health and overall portfolio performance of tailings projects
- Implement the knowledge framework to bring together the lessons learned, and continuously improve the tailings projects portfolio processes
- Provide feedback on improving the governance framework, road map and governing processes
- Archive the old governance information as per policies and retrieve the governance information, if required
- Ensure that the control environment is correctly designed and operating effectively, by managing the assurance, remediation and overseeing changes to the environment

We'd like to review your application if you have: Must-haves (minimum requirements):

- Seven years of experience in projects, risk and control and/or strategy
- A degree in engineering, business, management or equivalent
- A valid driver's licence and a clean driving record
- A deep understanding of project governance processes, standards and procedures
- A deep understanding of industry-leading project governance practices
- Proficiency in Microsoft Office (Word, Excel, Visio, PowerPoint, Project, SharePoint)
- The ability to successfully work under pressure and to handle multiple tasks
- Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing
- Strong collaboration skills that enables you to build strong, positive relationships with diverse groups
- The ability to hold others accountable, and expect others to do the same
- A zero-tolerance for shortcuts, and if the procedure is incorrect, you fix it

Preference for:

- Oil and gas industry experience

Where you'll be working, your work schedule, and other meaningful information:

- You will work out of our Base Plant facility in Fort McMurray, Alberta

- Hours of work are a regular 40-hour work week, Monday to Friday
 - If you reside outside of Fort McMurray, relocation of your primary residence to within 60 km of Fort McMurray is mandatory. Relocation support will be provided; we offer highly competitive housing assistance to eligible individuals
- Why SuncorWe are Canada's leading integrated energy company with a business portfolio that includes oil sands development and upgrading, offshore oil and gas production, petroleum refining, and product marketing under the Petro-Canada brand. Our global presence offers rewarding opportunities for you to learn, contribute, and grow in a variety of career-building positions.
