

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Fort McMurray, Alberta (CA-AB)

JOB NUMBER: 24701

Job Overview Reporting to the manager, mine civil operations, you will own the strategic direction of the contractor workforce in mine operations and lead a team to deliver safe, efficient and operational contractor plans in compliance with our operational discipline behaviours. Key Accountabilities

- Ensure effective and fit for purpose input into construction execution plans and support the continuous improvement of construction practices
- Show dedication to developing and implementing actions to mitigate potential risks and challenges to operational planning
- Engage in contract formation, contractor selection and work with supply chain for contractor scopes of work
- Ensure compliance to the operational excellence management system (OEMS) element 10, contractor management best practices, including alignment and post project meetings and documentation
- Be committed to ensuring no contractors begin work prior to satisfying the readiness for site mobilization requirements
- Act as single point of contact for the asset development and execution model (ADEM) execution phases
- Take initiative and provide input on the development of mine contractor plans and strategy
- Continuously seek out operational efficiencies opportunities within and between civil projects
- Ensure construction activities are aligned with customer requirements and identifying opportunities for repeat business

Required Qualifications Experience and Education:

- 10 or more years of experience in mining operations and projects
- Extensive experience with risk reviews and process hazard assessments
- Oil and gas industry experience is preferred
- Degree in engineering, project management, technical diploma or equivalent experience
- High School Diploma or General Education Diploma (GED)
- Possess a valid driver's licence and a clean driving record

Skills and Knowledge:

- Extensive process and equipment knowledge, including detailed field experience in mining and/or civil earthworks operations and project management
- Demonstrated functional expertise in contractor management
- Proficient in Microsoft Office and SAP
- Strong planning, analytical and problem solving skills combined with strong leadership skills
- You hold others accountable, and expect others to do the same

Working Conditions

- If you reside outside of Fort McMurray, relocation of your primary residence to within 60 km of Fort McMurray is mandatory
- Relocation support will be provided; we offer highly competitive housing assistance to eligible candidates

Why Suncor

Go ahead. Expect growth. We want you to have a job you're genuinely excited about - as well as opportunities to learn and challenge yourself or mentor others. Plus, Suncor Energy offers a flexible employee package that can be adjusted to suit the changing needs of your life, including:

- Competitive base salary and compensation programs
