

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Ministry of Forests

Dawson Creek and Fort St John

This position is also posted as a STO under REQ 92301.

Advisor, First Nations Relations

The First Nations Relations Advisor communicates with First Nations on natural resource applications and liaises with ministry staff as an expert on the legal and procedural requirements of First Nations consultation. This position successfully establishes and maintains productive working relationships with a wide variety of contacts.

Qualifications for this role include:

- Degree in the natural resource field or equivalent as recognized by the relevant association and a minimum of two (2) years related experience; OR,
- An equivalent combination of education and experience may be considered.
- Registered, or eligible for registration, with a British Columbia professional association as required by the specialty area. (i.e., Association of Forest Professionals, Institute of Agrologists, Engineers and Geoscientists BC (Association of Professional Engineers and Geoscientists of the Province of British Columbia).
- Experience conducting research and analysis related to land use, resource management, social or economic development issues.

*Related experience must include a combination of the following:

- Experience working with and building collaborative relationships with First Nations or Indigenous communities, preferably in areas of natural resource or environmental management or land use stewardship.
- Experience building and maintaining collaborative relationships with stakeholders, preferably in areas of natural resource or environmental management or land use stewardship.
- Experience leading or supporting consultation, negotiations, developing and/or supporting agreements, preferably with First Nations.
- Experience participating in consultation, engagement, negotiation, or facilitation of sessions with First Nations preferably related to land use or natural resource management issues.
- Experience addressing divergent perspectives, negotiating, or facilitating solutions or compromises to complex issues and resolving or mitigating conflict.
