

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Job</b>	Type: Full-time	Category: Resource Sector

### Description

LOCATION: Mississauga, Ontario (CA-ON)

JOB NUMBER: 26327

Why you should join us: Are you a Master Mariner or Chief Engineer who is passionate about marine operations? Are you a dedicated, industry leader, looking for an office-based role to improve your work/life balance? Are you a self-starter with strong integrity and the ability to mentor, build strong positive relationships, and motivate others? Working within our dynamic marine group which manages Suncor's entire shipping portfolio involving chartering, operations, vetting and regulatory compliance, you will have the opportunity to provide seamless support by handling both the commercial and operational aspects of our marine transportation business. You will use your expertise to:

- Support the development of the strategies that help drive the success of Suncor's marine portfolio with a continuous improvement mindset
- Provide expertise on technical and commercial marine matters, ensuring safe, reliable and efficient operations of shipments of crude oil, products and equipment for both domestic and international trades
- Build and maintain positive relationships with marine terminals (both owned and others), refineries, regional supply offices, ship owners, agents, surveyors and expeditors on all matters related to marine movements
- Steward and optimize contracts-of-affreightment and commercial arrangements for value improvement opportunities
- Stay informed of operational matters with clients and suppliers and provide updates
- Prepare a weekly schedule for all movements as well as building and maintaining individual voyage files for each movement
- Manage data through Suncor's electronic portal
- Guarantee proper inspection services are available for each voyage
- Verify relevant invoices for movements and approve as necessary

We'd like to review your application if you have... Must-haves (minimum requirements):

- 10 years of experience in the marine and shipping industry, with an emphasis on chartering, operations and post-fixture
- Minimum 10 years of sailing experience and / or training in shipping
- Post-secondary education in Business, Marine Law, a technical degree or an equivalent education
- Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing

Preference for:

- Master Mariner or Chief Engineer with experience on off-shore vessel operations and Oil Companies International Marine Forum (OCIMF) certification and / or member with the Institute of Chartered Ship Brokers
- Ship inspection report / chemical distribution institute / offshore vessel inspection database vetting experience
- Knowledge of post-fixture work, including nomination, demurrage, and invoicing
- Deep understanding of standard oil company charter parties, clauses and terminology
- You are a highly motivated self-starter with exceptional analytical skills, a continuous improvement mindset and possess strong non-authoritative leadership skills
- You possess strong communication skills (both written and verbal) which allow you to collaborate effectively to achieve the best results and deliver the most value
- You have a strong safety focus and forward-thinking approach

Where you'll be working, your work schedule, and other meaningful information:

- You will be located at our Mississauga, Ontario office, located at 2489 North Sheridan Way
- Hours of work are a regular 40-hour work week, Monday to Friday, with some after-hours calls to resolve operational issues and travel is required
- You thrive in a dynamic environment with multiple priorities, challenging demands, and strict deadlines
- Relocation support will be provided; we offer highly competitive housing assistance to eligible individuals
