

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Help bring research to life and drive your career forward with the National Research Council of Canada (NRC), Canada's largest research and technology organization.

We are looking for a Computer Support Specialist to support our Knowledge, Information, and Technology Services Branch (KITS). The Computer Support Specialist would be someone who shares our core values of Integrity, Excellence, Respect and Creativity. You might be the person we are looking for to fill our Computer Support Specialist position (CS-2) to administer a Computer Management System

The incumbent will work as a member of the Standards and Desktop Infrastructure team within the Knowledge, Information, and Tech Services Branch (KITS), providing clients with IT support services for distributed computers and networks within the various Research Centres/Branches/IRAP of NRC.

Contribuez à la réalisation de travaux de recherche stratégiques et poursuivez une carrière prometteuse au Conseil national de recherches du Canada (CNRC), la plus grande organisation de recherche et de technologie au Canada. Nous souhaitons embaucher un ou une Spécialiste en soutien informatique en vue de soutenir la Direction des services du savoir, de l'information et des technologies (SSIT). La personne choisie doit partager nos valeurs fondamentales relatives à l'intégrité, à l'excellence, au respect et à la créativité. Vous êtes peut-être la personne que nous cherchons afin de pourvoir un poste de spécialiste en soutien informatique (CS-2) en vue d'administrer un système de gestion des ordinateurs.

Vous travaillerez comme membre de l'équipe des normes et de l'infrastructure de bureau au sein de la Direction des services du savoir, de l'information et des technologies (SSIT). Vous fournirez aux clients des services de soutien infotechnologique (TI) destinés aux ordinateurs et aux réseaux distribués dans les divers centres de recherche, directions et PARI du CNRC.

Experience

Significant* experience in administering a Computer Management System (Broadcom ITMS, Microsoft SCCM or other). Significant* experience in supporting Microsoft desktop operating systems in Windows 10.

Basic experience in supporting Linux based operating systems.

Experience in programming scripts in Powershell and vbscript.
