

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Job	Type: Full-time	Category: Education

Description

The Canadian Housing Evidence Collaborative (CHEC), is a national knowledge mobilization and capacity-building hub of a grant-funded, applied housing research network. CHEC’s vision is to help Canada achieve housing solutions that meet the needs of a growing, urbanizing and aging population, maximize well-being, minimize environmental impact, accommodate diversity, strengthen public institutions, and facilitate stable and productive economies in a globalizing world context. CHEC brokers meaningful collaborations, strengthens housing research capacity and amplifies the impact of timely, relevant and rigorous research undertaken by research partners to inform policies, programs and initiatives that reflect National Housing Strategy priorities as well as citizen insights, values and housing experiences. CHEC is currently engaged in a number of research projects that involve municipal, provincial and federal housing research.
