

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Fort McMurray, Alberta (CA-AB)

JOB NUMBER: 28148 Why you should join us: Are you looking for a phenomenal opportunity to join our mining team as an HEO? Do you have an extraordinarily strong safety record, experience with operating equipment and do you want to gain rewarding experience in the oil sands industry? If this sounds like you, and if you would like to join our dynamic team in Fort McMurray, then we'd love to hear from you! You will have the opportunity to become a dedicated contributor to our oil sands mining operations, operating either a CAT or Komatsu haul truck. You will use your expertise to:

- Participate in our Journey to Zero safety program by operating safely and driving to conditions
- Follow our operating standards and procedures
- Operate various makes and models of haul trucks
- Complete walk-arounds, safety checks and field level risk assessments and ensure the heavy equipment is running properly
- Report any necessary repairs to the maintenance team or supervisors
- Report all incidents, damage and near misses immediately
- Communicate updates to your supervisor to ensure that you meet all goals and objectives

We'd like to review your application if you have... Must-haves (minimum requirements):

- At least one year of experience with operating equipment (haul trucks, wiggle wagon, dozers, graders, excavators) in industries such as mining, civil earthworks, pipelines, sawmills, pulp and paper mills or manufacturing, or highway construction
- (In your resume, please provide the type and size of the equipment you have operated and length of time of your employment with each company)
- A High School Diploma or General Education Diploma (GED)
- A valid driver's licence and a clean driving record
- A strong proven safety mindset, extensive safety training and a best-in-class safety record
- Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing

Preference for:

- Experience in an open-pit mining environment
- A heavy equipment operator ticket
- Initiative to seek greater knowledge about the systems, processes and hazards in the working environment, in order to understand not just what you do but why you do it
- The ability to fix procedures if they are incorrect and zero tolerance for shortcuts, with a strong continuous improvement mindset
- Motivation to check for out-of-the-ordinary conditions and learn to anticipate potential problems

Where you'll be working, your work schedule, and other meaningful information:

- You will work out of our Base Plant Mine in Fort McMurray
- The shift schedule is a six days on/six days off rotation (three days on, three nights on, six days off; 12-hour shifts)
- This is not a camp-based role, so if you live outside of Fort McMurray, you will be expected to arrange for your own accommodations while on shift
- This is a temporary assignment with a duration of up to five years, depending on business need
- This position has been identified as safety sensitive

Why Suncor We want you to have a job you're passionate about – as well as opportunities to learn and challenge yourself.
