Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Atlantic Hardchrome is an ISO 9001 registered, plating and machine shop located in the Dartmouth Burnside Industrial Park that specializes in the rebuilding of industrial equipment and the manufacture of machined components.

We are looking for an experienced Manual Machinist. The ideal candidate would have the following:

â€¢ A minimum of 2 years experience setting up and operating manual lathes and mills.

â€¢ Have a working knowledge of different types of raw materials and machine cutting tools how they are used to produce a finished product.

â€¢ Be able to read work orders and interpret drawings to determine the work required.

â€¢ Be able to verify dimensions of parts produced using precision measuring instruments.

â€¢ In addition, experience in welding or millwright work would be an asset.

We provide a competitive salary and a comprehensive benefits package.

Resumes submitted will be held in the strictest confidence. We appreciate interest from all applicants, but only candidates selected for interviews will be contacted.
