

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Specialist in Psychiatry on ABI Program McMaster University and Hamilton Health Sciences are seeking a clinician educator in Psychiatry with expertise in neurologic impairment to join the Department of Physical Medicine and Rehabilitation (PM&R) on the Acquired Brain Injury Program (ABI) at Hamilton General Hospital - Regional Rehabilitation Centre (HHS-RRC) and the Department of Medicine, Division of PM&R. The position is best suited for a physician who is skilled in optimizing the mental health needs of brain injured survivors with demonstrated teaching ability, research experience and/or Quality Improvement training/experience. Join a group of highly skilled and motivated PM&R specialists and team. The successful candidate will practise in a dedicated inpatient rehabilitation setting with interprofessional teams. There is direct linkage to the acute care hospital for seamless transfer between buildings. The inpatient responsibility options are as follows: Most Responsible Physician for 6 patients on a Behavioural Unit and Consultation Service for a further 12 patients. Remuneration is through OHIP billings plus a stipend to support the role. PM&R consultation and a psychiatric registered nurse will co-treat the patients. In addition, consultation to other areas of the hospital will be available as well as a weekly supported outpatient clinic. The ABI Program at HHS-RRC supports:

- Two interprofessional teams
- 30 inpatient beds
- Rapid acute care consults
- Outreach services
- Full access to DI and laboratory support

The successful candidate will be a full time member of the Department of PM&R at Hamilton Health Sciences and The Division of PM&R, Department of Medicine at McMaster University with opportunity for cross appointment to the Department of Psychiatry. The Divisions of PM&R and Psychiatry support a robust residency program. Teaching of residents and medical students from the McMaster DeGroote School of Medicine occurs on a daily basis clinically, and periodically in the Academic Half Day for PM&R residents. A growing fellowship program enhances this work. The successful candidate will be part of the Department of Physical Medicine and Rehabilitation at Hamilton Health Sciences and will be eligible for a full-time faculty appointment within the Division of PM&R in the Department of Medicine at McMaster University. Rank will be commensurate with experience and expected academic contributions. The successful candidate will be expected to contribute to the clinical and academic mission of Hamilton Health Sciences and the Division of PM&R. Applicants should be certified (or eligible for certification) by the Royal College of Physicians and Surgeons of Canada and must be licensed (or eligible for licensure) in the province of Ontario through The College of Physicians and Surgeons of Ontario. McMaster University and Hamilton Health Sciences culture is one that encourages physician leadership and local decision making; this affords us the distinction of outstanding physician satisfaction and patient satisfaction scores. Please apply online to Job Opening 55372 via the McMaster Academic Careers website (<http://www.workingatmcmaster.ca/careers/>) directing your application to: Lorrie Reurink Manager, Human Resources and Faculty Recruitment. Expressions of interest should include: An up-to-date curriculum vitae and cover letter. A description of training and research experience as well as the names and addresses of three professional referees. A brief statement describing any contributions made or planned in relation to advancing equity, diversity and inclusion or inclusive excellence in teaching, research, or service within higher education,

community-based or other profession settings (2-page maximum)

Letters of reference are not required and will not be reviewed at the application stage; letters of recommendation from referees will be requested at later stages of the search process. Hamilton Health Sciences (HHS) fosters a culture of patient and staff/physician safety, whereby everyone is guided by our Mission, Vision, Values and Values Based Code of Conduct. HHS is a teaching hospital and all staff and physicians are expected to support students and other learners.

We would like to thank all who apply, but only those selected for an interview will be contacted. All qualified candidates are encouraged to apply. However, Canadian citizens and permanent residents will be considered first for this position. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: "Yes, I am a citizen or permanent resident of Canada" or "No, I am not a citizen or permanent resident of Canada".
