

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

LOCATION: Mississauga, Ontario (CA-ON)

JOB NUMBER: 29044Why you should join us:Are you a big-picture thinker who loves strategic work and are you passionate about technology Do you thrive on leading and collaborating with others to inspire change If you have a background in business architecture with a proven track record of building capability roadmaps and executing improvement programs, then we have an opportunity for you! In this temporary role, you will support our Petro-Canada Sales and Marketing (S&M) business by owning and stewarding the development of our Retail and Wholesale business system capability strategies and roadmaps. You will use your expertise to:

- Lead stewardship and updates to our business system capability inventory, maturity assessments and overall roadmap
 - Coordinate, influence and participate in the development of product roadmaps to ensure that they are aligned to our overall business capability roadmaps
 - Lead all aspects of the integrated planning process with S&M processes and business capability roadmaps, supporting and prioritizing decision-making and our Customer Centric focus
 - Build and execute processes and governance to intake new business initiatives and assess the requirements
 - Understand, adhere to, and promote our Asset Development and Execution Model (ADEM) and Agile project frameworks for initiatives
 - Coordinate, contribute to, and help shape the strategic development related to S&M business systems and payment innovation/development
 - Monitor and determine opportunities that align to business strategies and our programs underway
 - Stay on top of all new business capability technology and payment trends that could advance S&M business strategies and positively influence transaction and customer experiences
 - Engage with IT and S&M to develop an IT annual financial and capability plan
- We'd like to review your application if you have…Must-haves (minimum requirements):
- 10 years of experience including exposure to business strategy planning, business architecture and/or IT system planning in a B2C or B2B environment
 - Experience with business architecture, capability mapping, and process analysis and improvements

- A University Degree in Business or a related discipline

- Knowledge of standard project management processes and tools
- Advanced communication, non-authoritative leadership and social skills to influence and encourage business and capability planning and thinking and manage cross-functional teams
- Proven capability to interface between technical and business opportunities, requirements and challenges
- Expert analytical and critical-thinking skills with the ability to integrate several non-affiliated concepts and approaches
- Initiative and ability to take on new challenges independently
- Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing

Preference for:

- A Masters of Business Administration (MBA)
- Knowledge Retail and Wholesale systems, payment and transaction processes

Where you'll be working, your work schedule, and other meaningful information:

- You will work out of our Downstream head office in Mississauga, located at 2489 North Sheridan Way
- Hours of work are a regular 40-hour work week, Monday to Friday, with the potential for extended work hours based on business needs
- This is a 12 month temporary assignment SAP:IND
