

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Company</b>	Suncor	
<b>Location</b>	Grassland, Alberta	
<b>Date Posted</b>	From: 2019-07-12	To: 2050-01-01
<b>Job</b>	Type: Full-time	Category: Resource Sector

### Description

LOCATION: Grassland, Alberta (CA-AB)

JOB NUMBER: 29054 Why you should join us: Did you know that our pipelines group currently manages and maintains 1,000 miles of pipelines across Canada and the United States? We strive to develop and manage Pipelines projects in a way that enhances economic prosperity, promotes social well-being, and preserves a healthy environment. We are currently looking for a hardworking, hands-on and self-motivated professional who loves working remotely and autonomously. Join our dynamic team and operate out of our Grassland, Alberta location to work on a wide variety of equipment and processes, some of which are technically challenging and technically advanced with your proven mechanical aptitude. You will use your expertise to:

- Show dedication and support to our Journey to Zero safety culture and programs
- Ensure safe monitoring and maintenance of pipeline facility sites between the Fort McMurray and Edmonton area to improve performance
- Participate actively in pipeline integrity projects such as completion of regularly scheduled weekly pipeline maintenance and facility inspections and monitoring
- Coordinate, supervise, and permit third party contracts
- Monitor pipeline right of ways to identify potential encroachments and respond to pipeline emergencies
- Supervise third party service contractors during pipeline excavations, repairs and construction projects as required
- Prepare equipment isolation on gas and liquid pipeline facilities as well as inspecting equipment for malfunction and perform minor repairs and adjustments to improve performance
- Prepare reports, work orders and notifications using the SAP processes in an accurate and timely manner
- Provide guidance and mentorship to lesser-experienced operating and maintenance team members
- Attend Oil Spill and Emergency Response Exercises

We'd like to review your application if you have: Must-haves (minimum requirements): Five years' experience within operating oil and gas facilities Valid oil field safety certifications In-depth knowledge of safely depressurizing, purging, pressurizing natural gas and liquid pipeline operating facilities as well as pipeline pigging and integrity processes Proven experience around operating rotating equipment with strong communication skills Experience with environmental, health and safety standards and use of all-terrain vehicle (ATV's) / utility-terrain vehicle (UTV's) for routine pipeline maintenance activities A High School Diploma or General Education Diploma (GED) A valid driver's licence and a clean driving record Alignment with our values of: safety above all else, respect, raise the bar, commitments matter and do the right thing Preference for: A post-secondary technical education

- Spill Responder Training
- Working knowledge of Microsoft Office software, specifically Excel, Word, and Outlook
- A self-starter who is knowledgeable in pipeline operations procedures, policies and practices, and oil spill response

Where you'll be working, your work schedule, and other meaningful information:

- You will work out of our Grassland location 4806-54th Street T0A 1V0 The weekly shift schedule is four 10-hour days and you will be required to provide on-call rotational support This position is safety sensitive Travel between remote locations next to nature utilizing ATV's / UTV's as needed You thrive in a dynamic environment with multiple priorities, challenging demands, and strict deadlines You will be required to perform some heavy lifting, use of ladders and working on elevated work sites with the ability to perform in a variety of different environments both indoor and outdoor as well as within confined spaces
