

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

The Organization: Shared Health

Established as a legal entity in 2018, Shared Health was created as part of the Province of Manitoba's broader Health System Transformation. The following year, Shared Health led the development of Manitoba's first Provincial Clinical and Preventive Services Plan in collaboration with clinical experts from across the province. Shared Health continues to evolve as staff, departments, services, and facilities transition to the organization as part of the mandate to create a simpler, more efficient, and consistent health system for Manitobans.

To learn more, please visit Shared Health's website.

The Opportunity: Provincial Lead Indigenous Health

Reporting to the Chief Executive Officer, the Provincial Lead Indigenous Health will support health services leaders in the delivery of Indigenous strategies defined in Manitoba's Clinical Preventive Services Plan and the organizational strategic, and operational plans. Ensuring collaborative delivery of health services to Indigenous peoples from all of the public sector provincial health system service delivery organizations across the province, the Provincial Lead Indigenous Health leads and coordinates patient services, community engagement and partnerships, and workforce development strategies to improve health outcomes for Indigenous peoples.

The complete opportunity profile can be viewed: <https://leadersinternational.com/shared-health-manitoba-provincial-lead-indigenous-health/>

### Experience

Ten years of progressive senior leadership experience engaging, collaborating and partnering with First Nations, Métis and Inuit communities in the public sector, preferably in health services.

### Credentials

An active member in good standing of an associated regulatory body as appropriate.

### Education Requirements

Masters degree in a clinical or health administrative discipline preferred.
