

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

### Description

Specialist Physical Medicine and Rehabilitation on Stroke Rehab Program McMaster University and Hamilton Health Sciences Centre are seeking a clinician educator in Physical Medicine and Rehabilitation (PM&R) to join the Stroke Rehabilitation team at Hamilton General Hospital - Regional Rehabilitation Centre (HHS-RRC) and the Department of Medicine, Division of PM&R. The position is best suited for a PM&R physician who is skilled in optimizing the recovery of stroke survivors with demonstrated teaching ability, research experience and/or Quality Improvement training/experience. The successful candidate will join a group of highly skilled and motivated PM&R specialists and teams. The successful candidate will practice in a dedicated inpatient rehabilitation setting with interprofessional teams for six (6) months of the year. There is direct linkage to the acute care hospital for seamless transfers between buildings. Inpatient responsibilities will be shared with other PM&R specialists and a hospitalist. Opportunities exist for outpatient clinics and electromyography clinics. McMaster University and Hamilton Health Sciences culture is one that encourages physician leadership and local decision making; this affords us the distinction of outstanding physician satisfaction and patient satisfaction scores. The Stroke Rehabilitation Program at HHS-RRC supports: Two interprofessional teams 14 beds each team Rapid acute care consults Full access to DI and laboratory support

The successful candidate will be a full-time faculty member of the Division of PM&R, Department of Medicine at McMaster University. The Division of PM&R supports a robust residency program, and teaching of residents in the PM&R program and medical students from the McMaster DeGroote School of Medicine occurs on a daily basis clinically, and periodically through Academic Half Days for residents. A growing fellowship program enhances this work. The successful candidate will also be part of the Department of Physical Medicine and Rehabilitation at Hamilton Health Sciences. Academic rank will be commensurate with experience and expected academic contributions. The successful candidate will be expected to contribute to the clinical and academic mission of Hamilton Health Sciences and the Division of PM&R at McMaster University. Anticipated Start date: January 2024 Please apply online to Job Opening 58323 via the McMaster Academic Careers website, directing your application to: Lorrie Reurink Manager, Human Resources and Faculty Recruitment. Expressions of interest to include: An up-to-date curriculum vitae and cover letter A description of training and research experience as well as the names and addresses of three professional referees. Letters of reference are not required and will not be

reviewed at the application stage; the Department will request letters of recommendation from referees at later stages of the search process. A brief statement describing any contributions made or planned in relation to advancing equity, diversity and inclusion or inclusive excellence in teaching, research, or service within higher education, community-based or other profession settings (2-page maximum)

Questions about the position may be directed to: Dr. Nora Cullen

Specialist in Physical Medicine and Rehabilitation

Professor, McMaster University

Division Director, PM&R, Department of Medicine, McMaster University

Chief PM&R Hamilton Health Sciences/St. Joseph's Healthcare
