

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Great company. Great people. Great opportunities. If you'd like the chance to make your mark with the world's largest equipment rental provider, come build your future with United Rentals! As a Power HVAC Mechanic (Service Tech III) within the Power/HVAC division at United Rentals, you'll use your skills to perform maintenance tasks as well as minor repairs on equipment in a safe and professional manner. You will be responsible for the maintenance and repair of diesel engines, HVAC equipment, and dehumidification/air purification equipment. Every day, you can improve and challenge yourself, and if you have the desire and ambition, you'll have the potential to work towards higher level Tech roles in our Service Department. Like every member of our team, we will rely on you to provide exceptional customer service to our customers. What you'll do:

- Maintenance and repair of mechanical, electrical, hydraulic, and diesel systems on a variety of rental and customer equipment and tools
- Report machine condition to Management
- Responsible for service documentation
- Occasional travel to customer sites
- Demonstrate equipment for customers
- Train lower level technicians as needed
- Assist with pick-up and delivery of equipment & parts
- Other duties assigned as needed

Requirements:

- High School diploma or equivalent
- 3-5 years of experience with repairing and maintaining diesel engines or HVAC equipment
- Intermediate to advanced diagnostic and repair skills for mechanical, hydraulic, diesel, pneumatic and other systems
- Strong mechanical background knowledge particularly with various engines
- Basic understanding of schematics and diagrams
- Own the tools applicable to position
- Superior customer service, teamwork and verbal/written communication skills
- Valid driver's license with acceptable driving record
- Ability to frequently lift items up to 45 lbs.

This position is deemed Safety Sensitive for purposes of United Rentals' policies and procedures. Why join us? We don't just "talk the talk!"
