

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Web Address</b>	<a href="https://careers.indigenous.link/viewjob?jobname=60596-9243">https://careers.indigenous.link/viewjob?jobname=60596-9243</a>	
<b>Company</b>	McMaster University	
<b>Location</b>	Hamilton, ON	
<b>Date Posted</b>	From: 2024-02-26	To: 2050-01-01
<b>Job</b>	Type: Full-time	Category: Education

### Description

Full-Time Academic Medical Oncologist The Department of Oncology at McMaster University and Hamilton Health Sciences are seeking two exceptional Academic Medical Oncologists specializing in gastrointestinal, lung, or head and neck cancers. A special interest or expertise in developmental therapeutics (Phase 1 trials) will be considered for one of the two positions. Successful candidates will hold a full-time academic appointment in the Division of Medical Oncology, Department of Oncology, Faculty of Health Sciences at McMaster University. Among the top 40 universities in the world for health and medicine, McMaster University is a globally renowned institution of higher learning and a research community committed to advancing human and societal health and well-being. The Department of Oncology provides rewarding opportunities for innovation and excellence in clinical care, education and research. The Juravinski Cancer Centre (JCC) is a large academic cancer centre located adjacent to the Juravinski Hospital in Hamilton, Ontario and serves the Hamilton Niagara Haldimand Brant region. The Division of Medical Oncology consists of 23 full-time medical oncologists who are engaged in clinical practice, education and research. Members of the Division provide approximately 3,800 new systemic therapy consultations per year. The program treats all major disease sites and is a tertiary referral centre for sarcoma, central nervous system tumors, gynaecological oncology and bone marrow transplantation. As academic medical oncologists, successful candidates are expected to contribute to clinical service, research and educational activities in their primary areas of focus and in a second disease site. Disease sites of interest include gynaecological malignancies, sarcoma and genitourinary cancers. These disease site groups have strong clinical trials programs and are represented in respective provincial disease site activities. Successful candidates will participate in the medical oncology on-call roster and the ward consultation service for the Juravinski Hospital and Cancer Centre. A hospitalist program as MRP exists for the daily management of oncology inpatients. Members of the Division of Medical Oncology are expected to contribute to undergraduate and postgraduate educational activities within the Michael G. DeGroote School of Medicine and the Medical Oncology Residency Training Program. The Medical Oncology Residency Training Program is fully accredited by the Royal College of Physicians and Surgeons of Canada. The JCC has a large Clinical Trials Department contributing to Phase 1 to 3 clinical trials through the Canadian Clinical Trials Group, the Ontario Clinical Oncology Group, industry-sponsored trials and investigator-initiated clinical trials. Academic

faculty are expected to actively participate in the clinical trials program. Multiple opportunities exist for clinical, health services and translational research. The academic Department of Oncology is closely aligned with the Escarpment Cancer Research Institute (ECRI), working collaboratively to provide access to clinical, translational and health services researchers. Candidates are expected to possess the following: Certificate of registration for a valid license to practice in the province of Ontario issued by the College of Physicians and Surgeons of Ontario FRCP in Internal Medicine with subspecialty training in Medical Oncology, or equivalent qualifications Membership in the Canadian Medical Protective Association, or equivalent Additional Fellowship training would be an asset

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be considered first. To comply with the Government of Canada's reporting requirements, the University is obliged to gather information about applicants' status as either Permanent Residents of Canada or Canadian citizens. Applicants need not identify their country of origin or current citizenship; however, all applications must include one of the following statements: Yes, I am a citizen or permanent resident of Canada - or - No, I am not a citizen or permanent resident of Canada. For more information on the Department of Oncology, visit <https://healthsci.mcmaster.ca/oncology> How to Apply Interested candidates should submit: A curriculum vitae A letter of interest Letters of reference are not required at the application stage; the Department will request letters of recommendation from referees at later stages of the search process.

Applications will be accepted via email until March 30, 2024 and sent to the attention of Leanne Pittaway at [lpittawa@hhsc.ca](mailto:lpittawa@hhsc.ca) on behalf of: Dr. Sebastien Hotte Associate Professor and Division Head Division of Medical Oncology Department of Oncology McMaster University Medical Oncologist, Juravinski Cancer Centre Employment Equity Statement McMaster University is located on the traditional territories of the Haudenosaunee and Mississauga Nations and within the lands protected by the "Dish With One Spoon" wampum agreement. The diversity of our workforce is at the core of our innovation and creativity and strengthens our research and teaching excellence. In keeping with its Statement on Building an Inclusive Community with a Shared Purpose, McMaster University strives to embody the values of respect, collaboration and diversity, and has a strong commitment to employment equity. The University seeks qualified candidates who share our commitment to equity and inclusion, who will contribute to the diversification of ideas and perspectives, and especially welcomes applications from indigenous (First Nations, Metis or Inuit) peoples, members of racialized communities, persons with disabilities, women, and persons who identify as 2SLGBTQ+. As part of McMaster's commitment, all applicants are invited to complete a confidential Applicant Diversity Survey through the online application submission process. The Survey questionnaire requests voluntary self-identification in relation to equity-seeking groups that have historically faced and continue to face barriers in employment. Please refer to the Applicant Diversity Survey - Statement of Collection for additional information. Job applicants requiring accommodation to participate in the hiring process should contact Human Resources Service Centre at 905-525-9140 ext. 222-HR (22247), or Faculty of Health Sciences HR Office at ext. 22207, or School of Graduate Studies at ext. 23679 to communicate accommodation needs. Vaccination Policy Statement - Faculty of Health Sciences This position is located in a host hospital or other healthcare site that has an active vaccination mandate in place. Incumbents will need to comply with these and any other health and safety measures necessary as part of their

appointment.
