

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

POSTDOCTORAL FELLOWSHIP IN APPLIED LABOUR ECONOMIC

Job ID	61051-3462	
Web Address	https://careers.indigenous.link/viewjob?jobname=61051-3462	
Company	McMaster University	
Location	Hamilton, ON	
Date Posted	From: 2024-03-12	To: 2050-01-01
Job	Type: Full-time	Category: Education

Description

The Department of Economics at McMaster University invites applications for a Postdoctoral Fellowship. This is a one (1) year fellowship that shall commence on July 1, 2024. The successful candidate must either have received their doctorate since July 1, 2019, or expect to do so by December 31, 2024. The successful applicant will have demonstrated expertise in applied labour economics, is expected to be actively involved in the daily life of the Department, and will conduct independent research related to productivity, broadly defined. The Productivity Partnership (productivitypartnership.ca/) is partially funding this position. Prior experience with the analysis of microdata related to productivity, especially firm or workplace data, would be an asset. This Postdoctoral Fellowship carries a full-time salary of \$57,000 per annum and a \$10,000 stipend for teaching. The fellow's total income will, therefore, be \$67,000. The incumbent will be expected to teach one 3-unit graduate course in labour economics. In addition, the Economics Department will provide up to \$8,000 to cover research expenses. These may include, for example, computer hardware and software, technical books and journals and travel to conferences.
