

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Company</b>	TC Energy
<b>Location</b>	Calgary, AB
<b>Date Posted</b>	From: 2020-04-06 To: 2050-01-01
<b>Job</b>	Type: Full-time Category: Resource Sector

### Description

Project Controls ManagerReference Code: 65991 Location: Canada (CA) - Calgary, AB

Job Category: Project Services

Employment Type: Employee Full-time

Relocation Eligibility: This position is not eligible for our relocation program

Application Deadline: 04/10/2020 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges. The opportunityReporting to the Manager, Project Services, this position is responsible for managing a team that will oversee and support project controls and cost management functions across the organization. The Manager, Cost Control will also be responsible for the governance of project controls on all capital projects, implementation of new and enhancement of existing project controls and cost management procedures, and assistance in the implementation of cost related software. What you'll do

- Support the Manager, Project Services to achieve daily and monthly deliverables
- Manage governance and guidance to business units on matters relating to project controls and cost management
- Provide support to both project assurance reviews and internal audit initiatives related to project controls and cost management
- Lead the continued enhancement of all Project Control Procedures in Project Delivery Standard (PDS)
- Work with other internal departments (Estimating, Supply Chain Management) to ensure cost related functions are aligned across departments
- Manage work with Business Unit Project Controls to ensure all incurred costs are up-to-date
- Lead the continued implementation of TC Energy's Cost Tool across all Business Units
- Maintain and enhance corporate standard Work Breakdown Structure

### Minimum Qualifications

- Relevant Technical diploma/University degree with 10 years related experience or appropriate combination of education and experience
- Expert knowledge of Project Control functions and processes including planning/scheduling, cost estimating, cost control, change management, financial, and project accounting processes and systems
- Strong Leadership competencies to successfully implement strategies

### Preferred Qualifications

- Strong analytical, interpretive, organizational and problem-solving skills
- Excellent computer skills (MS Office)
- Excellent communication skills (both written and verbal)
