As part of the Indigenous Services Division of Legal Aid BC (LABC), the PLCs have a focus on serving Indigenous people.

The Parents Legal Centre takes a holistic approach early in the child protection process to help families stay together where possible. The PLC supports parents to resolve not only their legal matter but also the underlying non-legal issues, such as housing or addictions, which often contribute to protection concerns in the first place. Better outcomes may be achieved when parents access legal advice and support at the early stages in their interaction with child protection authorities.

The Legal Aid BC (LABC) is the provincial legal aid provider in British Columbia. As a non-profit organization, our goal is to provide legal information, advice, and representation services to people with low incomes in BC. We assist some of BCâ€™s most vulnerable and marginalized citizens: those who do not have the financial, educational, social or health resources to effectively access the justice system when their families, freedom, or safety are at risk.

As PLC ACLW you will:

- â€¢ Provide advocacy and support for clients involved in child protection mediation, collaborative processes or court proceedings;

- â€¢ Provide support to lawyer(s) in preparation for court proceedings and collaborative processes;

- â€¢ Liaise between the clients and external agencies or resources; and to provide legal information and verified legal advice, education and community outreach with the goal of early intervention;

- â€¢ Liaise and build relationships with Indigenous communities and agencies;

- â€¢ Work in collaboration with PLC team (managing lawyer, lawyer(s), paralegal/advocate(s) and administrative legal assistant(s)).

This position requires travel: A valid BC driverâ€™s license is required

You have an awareness of a communityâ€™s cultural diversity, particularly Indigenous cultures. You strive to exceed expectations and are a team player.

We Offer:

A competitive annual salary, as well as a comprehensive benefits package, including:
