

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

2021 - General Summer Student Program (various locations across Canada) Reference Code: 72228 Location: Canada (CA) - Calgary, AB

Job Category: Student Opportunities

Employment Type: Summer Student Full-time

Relocation Eligibility: This position is not eligible for our student relocation program.

Application Deadline: 02/28/2021 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously.

Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities.

We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges.

We emphasize the importance of valuable work for our Summer Students. We are devoted to providing a learning environment where students can gain valuable skills and experiences that contribute to their future careers while also learning about TC Energy's business and culture. The students' responsibilities will be dependent on their team and work location.

Some of the possible work responsibilities include, but are not limited to:

- Administrative duties
- General labour activities
- Painting
- Lawn and yard maintenance
- Working with field technicians on maintenance programs
- Data review/entry
- Other tasks, as required

Please review this information before you complete the Summer Student application.
