

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Are you a passionate Laboratory Professional looking for a rewarding career We are looking for a relief Laboratory Technologist to join the Microbiology team at Royal Inland Hospital in Kamloops, BC.

The Royal Inland Hospital (RIH) is one of Interior Health Authorities tertiary referral hospitals and the Lab at RIH is one of our largest and most interesting. This is a full-service Laboratory offering Chemistry, Haematology, Transfusion Medicine, Histopathology, Microbiology and Point of Care testing. The Lab employs a very large team of generalist and specialist Technologists who deliver both inpatient and outpatient Lab services utilizing state-of-the-art equipment and technology. Our professional Lab team, work collaboratively with other departments throughout the hospital and other Interior Health sites.

As a Laboratory Technologist, you will work in a team based environment and perform a variety of duties within the Laboratory such as routine and/or complex tests utilizing manual procedures and automated instruments, greeting patients, collecting and/or receiving specimens, entering data into the Laboratory Information System (LIS), validating/reporting test results, maintaining instruments and preparing solutions and control agents.

This is a relief part-time 0.49fte float position. Shifts are 8 hour day and evening between 7am and 11.30pm with the opportunity to bid for additional casual shifts.

Interior Health strives to create an environment where you enjoy the work you do, the place where you work, and the people around you. Apply today!

Experience

One (1) year recent related experience.

Credentials

Current certification with the Canadian Society for Medical Laboratory Science (CSMLS) and eligible for membership with the BC Society of Laboratory Sciences (BCSLs) and/or CSMLS.

Education Requirements

Graduation from an approved Medical Laboratory Science Program
