

# Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

<b>Date Posted</b>	From: 2020-10-05	To: 2050-01-01
<b>Job</b>	Type: Full-time	Category: Resource Sector

### Description

Supplier Performance Management Manager Reference Code: 74121 Location: Canada (CA) - Calgary, AB

Job Category: Supply Chain/Procurement

Employment Type: Employee Full-time

Relocation Eligibility: This position is not eligible for our relocation program

Application Deadline: 10/20/2020 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously.

Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities.

We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges.

The opportunity

Our Supply Chain team is evolving to meet the needs of our business and we are expanding our presence in Calgary, Alberta and we are seeking a Manager, Supplier Performance Management.

Reporting to the Director, Supplier and Contract Excellence, the Manager Supplier Performance Management leads a team of Supplier Qualifications Specialists, Supplier Performance Management Specialists and Supplier Diversity Specialists that provide procurement planning and execution support for business units. It is primarily responsible for coordinating and providing governance over supplier qualification, driving the Supplier Performance Management program, and working closely with the Business Units and Category Management to improve supplier outcomes. This includes setting direction for program requirements, facilitating collaboration amongst relevant parties, driving business unit satisfaction, enabling relationships with suppliers, and providing secondary support for assessing supplier performance.

What you'll do

- Maintains ongoing relationship management with key business unit stakeholders to drive customer satisfaction and act as an advisory point-of-contact for all Supplier Management functions
- Manage and improve upon the supplier qualification program that screens suppliers delivering higher risk services and commodities against safety, quality, technical and business conduct requirements prior to engagement
- Responsible for developing and maintaining a formal supplier performance management program that supports Supply Chain and category strategies, that includes establishing key executive relationships between TC Energy and its high priority suppliers
- Develop and manage category specific performance metrics and scorecards aligned with both business unit and supplier business goals
- Collaborate with business units to consolidate supplier performance feedback, including common issues and process solutions
- Provide templates, training and support to business stakeholders in facilitating supplier management discussions
- Communicate performance status including: monthly/quarterly business reports, KPI documents, and various departmental reports

- Collect, develop and distribute various performance communications to stakeholders on behalf of the Supply Chain group
- Actively contribute to team Key Performance Indicators (KPIs) and deliver productivity in line with service level agreements (SLAs)
- Ensure team compliance to training requirements, work standards, policies and procedures.

#### Minimum qualifications

- A post-secondary education or equivalent is required
- Minimum Ten (10) plus years of experience related to Supply Chain management
- Experience and proven success leading high dollar value projects and relationships
- Able to analyze complex data and translate it to measurable metrics
- A strong business acumen of the applicable materials and services.

#### Preferred qualifications

- Advanced knowledge of and experience with highly mature supplier lifecycle management programs
- Knowledge of project management and operational policies, procedures, and practices
- General knowledge and experience with safety and quality management systems
- High level of complex problem solving and facilitation skills
- Knowledge of specifications and standards.
- A high level of interpersonal skills and ability to engage and communicate with internal and external stakeholders at senior levels.
