

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Director, Supply ChainReference Code: 74641 Location: Canada (CA) - Calgary, AB

Job Category: Project Management; Supply Chain/Procurement

Employment Type: Employee Full-time

Relocation Eligibility: This position is eligible for our domestic relocation program

Application Deadline: 10/23/2020 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges. The opportunityOur Supply Chain Management team is evolving to meet the needs of our growing business and we are expanding our presence in Calgary, Alberta. We are seeking a motivated Director, Supply Chain who possesses the ability, experience and expertise to drive discipline and excellence in supply chain execution across a diverse group of stakeholders to ensure alignment of business objectives. Leading candidates must possess the ability to work with ambiguity and drive change while simultaneously inspiring, influencing and leading a diverse team across multiple geographies. This position will be an integral member of the leadership team. What you'll do

- Develop and recommend commercial and contracting supply chain strategies, working with other central Supply Chain teams (e.g., Category Management), while demonstrating a strong ability to negotiate important contracts with key suppliers
- Provide strategic direction and leadership to develop a high-performing team that understands and implements supply chain strategies and can effectively communicate and collaborate with others
- Effectively establish and manage supplier relationships
- Effectively establish contract management and administration, including Field Contract Administration resources, working closely with Project Controls
- Demonstrate collaboration and cross-functional leadership strategies that will resolve escalated issues
- Collaborate with other Supply Chain Directors to align and manage cross-functional dependencies
- Consistently, productively and proactively work with the business to implement appropriate supply chain services and resources; always encouraging the team to challenge the status-quo and find a better way
- Ensure relevant TC policies, processes and procedures are adhered to

Minimum Qualifications

- Bachelor's degree in business, engineering or other related field (an equivalent combination of education and experience may be considered)
- A world class leader with 15 years of progressively responsible experience in a capital-intensive organization, with a minimum of 5 years in a senior leadership role in Supply Chain Management, Construction/Project Management, or Business Development

- North American pipeline and facilities supply chain experience on major projects and / or operations
- Experience with commercial and contract management in the Canada
- Competency in financial processes such as budgeting, forecasting, delegation of authority, capital project management and total cost analysis
- Experience developing, assessing and negotiating complex supply contracts and dispute resolution.
- Project management and process improvement capabilities
- Proven ability to lead and execute strategic business initiatives and carry out strategic planning and execution
- Understanding of Procurement, Construction and Estimating and business expertise in areas of sourcing and contracting, and the procure to pay best practices and processes
- Ability to manage multiple high priority initiatives and negotiate the best possible deal for all key stakeholders
- Formal leadership, communication, and influencing skills
- Strong commercial aptitude and negotiation skills
- Strong critical analysis and problem-solving skills

Preferred Qualifications

- Ability to interact at all levels of the company and to discuss and present complex topics in a variety of settings and to varied audiences
- Experience in building and leading high-performance teams preferably in a complex global organization. Background of acquiring and developing talent from a wide variety of sources
- Proactive approach to process and system improvements with demonstrated positive results
- An MBA or a relevant designation

About our business TC Energy is a leading energy infrastructure company in North America. We have three complementary businesses of natural gas pipelines, liquids (oil) pipelines, and power generation. Our operations span three countries, seven Canadian provinces, and 34 U.S. states. Our 92,600-kilometre (57,500-mile) natural gas pipeline network is positioned in two of the most prolific and lowest cost basins in North America – the Western Canadian Sedimentary Basin (WCSB) and the Appalachian Basin. Our systems are well placed to meet the continent’s growing demand for clean-burning natural gas by connecting the supply in these basins to important and growing markets across the continent. We supply more than 25 per cent of the clean-burning natural gas consumed daily across North America. Apply now! Apply to this posting by 10/23/2020 using reference code 74641. You must apply through our jobs system at jobs.tcenergy.com. Only applications submitted through our system will be acknowledged. Applications may be submitted using a mobile device or a desktop / laptop computer. TC Energy is an equal opportunity employer.
