

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Mechanical Technician - Battle River AreaReference Code: 74862 Location: Canada (CA) - Airdrie, AB , Stettler, AB

Job Category: Trades/Technical

Employment Type: Employee Full-time

Relocation Eligibility: This position is eligible for our domestic relocation program

Application Deadline: 10/27/2020 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously.

Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges.

The opportunity

The Mechanical Technician requires the technical skills to ensure all mechanical systems and equipment are effectively maintained in accordance with TC Energy standards of performance, policies, and procedures. A fully certified heavy-duty mechanic and/or Journeyman millwright with a minimum of 5 years of industry relevant experience is an asset, apprentices with appropriate experience may be considered. This position is overtime eligible and after-hours emergency support may be required. Some travel will be required to other company locations for project support, temporary assignments, meetings or training. This position is based out of Airdrie or Stettler, AB and will report to the Battle River Manager.

Travel to other company locations for temporary assignments, meetings or training will be required. Travel will involve some overnight stays away from home base (estimated up to 40%-50% of work schedule).

*This position works a modified 9hr /day schedule which consists of:

Week 1: Monday to Thursday, 9 hrs per day

Week 2: Monday to Thursday, 9 hrs per day and 8 hrs on Friday

This position is overtime eligible, will be part of an on-call rotation and provides emergency support as required.

What you'll do

- Perform mechanical maintenance and inspection on aero derivative/industrial gas turbines, centrifugal and reciprocating compressors, perform bore scope inspections, auxiliary power units APU's, pumps, air compressors and other associated equipment used in natural gas compression

- Responsible to participate in mechanical inspections, overhauls in the Rocky Mountain Region and to complete Job Quality Assurance documents JQA's, work authorization/job safety analysis along with other electronic documentation

- Adhere to all of TC Energy's Operating Procedures (TOPS)

- Support other Operating Areas within the Rocky Mountain Region as required

- Troubleshoot equipment problems utilizing technical reference manuals and documents

- Supervise and coordinate third party contractors

- Maintain strict adherence to Commercial Vehicle Regulations

Minimum Qualifications

- Journeyman Millwright and/or Heavy-Duty mechanic certification
- 6 or more years experience as a Journeyman Millwright and/or Heavy-Duty mechanic
- Highly motivated with interpersonal skills to effectively work in a collaborative team environment that includes shared responsibilities, establishing and maintaining effective working relationships with others, support team and company objectives, and a willingness to work in all areas required by the team
- Thorough understanding of safety practices, possessing a clean safety record
- Excellent problem solving and decision-making skills
- Strong written and verbal communication skills
- Microsoft office and PC skills

Preferred Qualifications

- Safety training would be considered an asset
- Previous Oil and Gas industry experience

*This position requires candidates to:

- Have and maintain a valid driver's license
 - Provide a driver's abstract for review
 - Successfully complete a pre-employment medical screening, including drug and alcohol testing
