

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Canadian Pacific is a transcontinental railway in Canada and the United States with direct links to major ports on the west and east coasts. CP provides North American customers a competitive rail service with access to key markets in every corner of the globe. CP is growing with its customers, offering a suite of freight transportation services, logistics solutions and supply chain expertise. Visit cpr.ca to see the rail advantages of CP. For more on our purpose, culture, and strategy, visit cpr.ca/en/about-cp. **PURPOSE OF POSITION:** This Specialist, Business Intelligence Developer will participate in developing business intelligence solutions that collect, analyze, and present information to the business, and subsequently develop the solution to address the business requirements. This successful candidate is also responsible for the daily management and administration of Business Objects while ensuring reporting accuracy for end-users with high performance. **POSITION ACCOUNTABILITIES:**

- Assess system operations and implement Reporting solutions to optimize performance;
- Responsible for defining and documenting business requirements;
- Develop functional and technical specifications to meet business requirements;
- Perform development to provide reporting solutions addressing specific business needs;
- Responsible for root cause analysis on production issues;
- Responsible for the implementation of solutions to resolve production defects;
- Assess business requirements & processes and provide recommendations on optimal solutions that will best serve the business needs;
- Provide end user support and training.
- Support Reporting applications on 7/24 basis based on on-call roaster.

POSITION REQUIREMENTS:

- University Degree in Computer Science, Information Systems, or equivalent Business Intelligence technical experience;
- Knowledge of the Railway business is preferable but not mandatory;
- 6-8 years of hands on experience in Reporting tools with at least 3 end to end implementations
- Minimum of 2-4 years' Experience with a Dashboard Tool like Tableau or Qlikview. Experience in Qlikview Development and Admin preferred.
- Minimum of 3-5 years' of hand-on experience in SQL. Experience in SAP HANA will be an advantage
- Experience in ETL Tools like Informatica will be an advantage.

- Strong experience in understanding of business users expectations;
- Experienced in creating technical design documents from the functional specification documents;
- Capability to provide high level and detail estimates;
- Proven track record in designing and delivering complex Reporting solutions for large organizations;
- Team player, skilled in working in a highly collaborative manner.

WHAT CP HAS TO OFFER:

- Flexible and competitive benefits package
- Competitive company pension plan
- Employee Share Purchase Plan
- Performance Incentive Program
- Annual Fitness Subsidy

ADDITIONAL INFORMATION:As an employer with national presence, the possibility does exist that the location of your position may be changed based on organizational requirements. **Background Investigation:**The successful candidate will need to successfully complete the following clearances:

- Criminal history check
- Reference check

Management Conductor Program:Becoming a qualified conductor or locomotive engineer is the single best way for a management employee to learn the business at CP. You may be required to obtain a certification or to maintain your current certification/qualification as a conductor or locomotive engineer. CP is an equal opportunity employer committed to the principles of employment equity and inclusion. We welcome applications from all qualified individuals. All applicant information will be managed in accordance with the federal Personal Information Protection and Electronic Documents Act ("PIPEDA").
