

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Canadian Pacific is a transcontinental railway in Canada and the United States with direct links to major ports on the west and east coasts. CP provides North American customers a competitive rail service with access to key markets in every corner of the globe. CP is growing with its customers, offering a suite of freight transportation services, logistics solutions and supply chain expertise. Visit cpr.ca to see the rail advantages of CP. PURPOSE OF THE POSITION: As the Project Manager you will oversee the Project Management services to the various entities and subsidiaries for CP in for the assigned region, for all leased and owned sites. You will develop and deliver the overall design of the project and to track and update budgets and schedules throughout the course of a project to ensure that it is completed on time and within budgets established and approved. POSITION ACCOUNTABILITIES:

- Supervise, counsel and coordinate professional consultants in areas related to design and planning of facilities, project and construction management, cost estimating, project scheduling, contracts, construction and reconciliation of budgets;
- Review the performance of consultants and contractors to verify that quality, cost and schedule objectives are maintained;
- Prepare and review project cost estimates for appropriation of funds relating to facilities (estimates may range up to \$10M);
- Negotiate with the construction manager, contractors, suppliers and consultants to ensure the Company derives maximum benefits from its expenditures;
- Ensure a proper liaison and working relationship the Historic Sites and Monuments Board with respect to projects in Company owned Heritage Buildings as well as with municipal and government code and transport authorities with respect to any issues to be resolved;
- Ensure that CP safety requirements are adhered to on all sites;
- Manage electrical projects on a day to day basis to ensure completion within schedule and budget.
- Ensure any related environmental issues are dealt with according to company mandated policies and local codes, as they relate to projects
- Prepare budget requirements for current and four year planning;
- Establish work priorities, sets objectives, appraises the performance of indirect subordinates and ensures that they follow the process for all project.;
- Responsible for all Solar and Energy Management projects in determining feasibility and project execution.
- Accountable for the facility generator and UPS system's preventative maintenance to ensure business

continuity.

- Administer electrical contracts, including safety orientation, field inspection and supervision of contract work on various projects on the Region. Coordinate work activities with internal and external departments and customers to ensure safe, cost-effective execution of projects and programmed maintenance work

POSITION REQUIREMENTS:

- Must possess a Degree in Architecture, Engineering or Facilities related designation. Preference will be given to Electrical Engineers;
- A minimum of 5 years' experience in the field of Architecture, Engineering or Facility Management;
- Project Management Professional (PMP) designation would be considered an asset;
- 2+ years' experience managing staff.
- Proven design, production, administration and contract skills;
- Strong project management skills;
- Strong written and verbal communications skills;
- Ability to communicate to all levels of management within the Company;
- Strong computer skills (Microsoft Office and CADD).

WHAT CP HAS TO OFFER:

- Flexible and competitive benefits package
- Competitive company pension plan
- Employee Share Purchase Plan
- Performance Incentive Program
- Annual Fitness Subsidy

ADDITIONAL INFORMATION:As an employer with national presence, the possibility does exist that the location of your position may be changed based on organizational requirements. **Background Investigation:**The successful candidate will need to successfully complete the following clearances:

- Criminal history check
- Reference check

Management Conductor Program:Becoming a qualified conductor or locomotive engineer is the single best way for a management employee to learn the business at CP. You may be required to obtain a certification or to maintain your current certification/qualification as a conductor or locomotive engineer. CP is an equal opportunity employer committed to the principles of employment equity and inclusion. We welcome applications from all qualified individuals. All applicant information will be managed in accordance with the federal Personal Information Protection and Electronic Documents Act ("PIPEDA").
