

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Link's Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Supply Chain Supplier Qualifications Team LeadReference Code: 76662 Location: Canada (CA) - Calgary, AB

Job Category: Supply Chain/Procurement

Employment Type: Employee Full-time

Relocation Eligibility: This position is not eligible for our relocation program

Application Deadline: 11/30/2020 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously.

Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities.

We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges.

The opportunity

Our Supply Chain team is evolving to meet the needs of our business and we are expanding our presence in Calgary, AB. Reporting directly to the Supplier Lifecycle Manager the Qualifications Team Lead will be in an individual contributor role also requiring indirect supervisory skills. The Supplier Qualifications Team Lead is responsible for ensuring all services are procured in accordance with TC Energy's supplier standards, processes and procedures. The Supplier Qualifications Team Lead will provide support to the Supplier Qualifications function of the Supplier Lifecycle Management team. This role will monitor the productivity and volumes of the qualifications team. The team lead will ensure continuous improvement of the qualifications' programs ensuring maximum value realization.

What you'll do

- Provide support with demand planning within category management
- Oversee the quality of completed qualifications for new and existing suppliers, utilizing existing department procedures
- Develop and deliver training sessions for business unit stakeholders to better understand Supply Chain's role within the company, specifically the qualification functions
- Manage business unit expectations and work volumes to ensure service consistency
- Identify areas of new requirements or improvement initiatives
- Advise business unit stakeholders and work with category management on supply options to maximize resources
- Lead special projects as requested by management or business units
- Process qualification exceptions as appropriate and mitigate risk for the organization
- Oversee day to day volumes and qualification process effectiveness and output and drive improvements
- Manage supplier disqualification or suspension and assure quality of supplier base
- Oversee supplier NCRs and work with Supply Chain team to improve supplier performance

Minimum Qualifications

- A post-secondary education or equivalent is required
- Six plus (6) years' experience related to Supply Chain Management, specifically within Supplier Lifecycle Management
- Enrollment or completion of certifications or designations related to Supply Chain Management, project management or business administration

Preferred Qualifications

- Strong interpersonal and communication skills
- High level customer service and relationship building capabilities
- Change management skills and capacity for innovation
- Data management and organizational skills
- Business acumen in major technical disciplines (Engineering, Materials, Quality, Safety, Environmental, Construction).
- Experience in the oil and gas industry. Midstream experience is a particular asset.

About our business

TC Energy (formerly TransCanada) is a leading energy infrastructure company in North America. We have three complementary businesses of natural gas pipelines, liquids (oil) pipelines, and power generation. Our operations span three countries, seven Canadian provinces, and 34 U.S. states.

Our 4,900-kilometre (3,000-mile) liquids pipeline system connects growing continental oil supplies to key markets and refineries. The Keystone Pipeline System delivers approximately 20 per cent of western Canadian exports to key refinery markets in the U.S. Midwest and Gulf Coast, where it is converted into fuel and other useful petroleum products.
