

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

Description

Senior Business Analyst - Tax Systems and Processes Reference Code: 77055 Location: Calgary, AB, Canada or Houston, TX, United States

Job Category: Accounting/Finance; Information Technology/Systems, Business Analyst

Employment Type: Employee Full-time

Relocation Eligibility: This position is not eligible for our relocation program

Application Deadline: 12/07/2020 We all need energy. It warms our homes, cooks our food, gives us light, and gets us where we need to go. It also improves our quality of life in countless other ways. At TC Energy, our job is to deliver that energy to millions of people who depend on it across North America. And we take our job very seriously. Guided by our values of safety, integrity, responsibility and collaboration, we develop and operate our facilities safely, reliably and with care for our impact on the environment. With our presence across the continent, our people play an active role in building strong communities. We're proud of how our hard work and commitment sets us apart and benefits society, every day. We're looking for new team members who share our values and are ready to take on exciting challenges. The opportunity

As a member of the Taxation organization and reporting to the Manager, Tax Technology, the successful candidate will be a key resource in the design, standardization, and streamlining of process and systems solutions throughout the Taxation Organization. You will be a results oriented individual who will deliver on assigned tasks and be a proactive partner and change champion within the Taxation team. You will be responsible for providing direction, completing tasks, and engaging others to accomplish goals defined by the role. You may, from time to time, be asked to serve as Project Leader for tax-specific assignments, to lead a team of indirect reports (including: analysts or technical specialists, etc.) and be expected to plan, oversee and direct the daily activities of these team members, monitoring progress, identifying barriers and recommending corrective action. In addition to the implementation of systems and processes, this person should be prepared to identify, define and research process issues and make recommendations for solutions. This role is crucial to the innovation and transformation of tax processes and systems throughout TC Energy.

*This position can be located in either our Calgary or Houston office location. This position is not eligible for our relocation program.

*This position will require travel across borders and as such the candidate must be able to provide applicable documentation to this affect.

What you'll do

In this role you will be a key contact for initiatives requiring representation from Tax Technology, including:

- o Represent interests on behalf of the department
- o Lead process change management requirement sessions
- o Engage with appropriate stakeholders
- o Obtain feedback and approval from management
- o Facilitate action plans for implementation, provide updates and escalate issues
- o Serve as project leader on business specific assignments

• Act as a key resource in scoping, development, and implementation of key strategic initiatives related to Taxation and across the CFO

• Collaborate with the various internal and external stakeholders, as required, to contribute to the development and implementation of quality processes and systems

• Prepare and present materials on the status of initiatives to senior management

• Support the refresh of the Taxation Technology roadmap

• Other tasks as required

Minimum Qualifications

• Bachelor's degree preferably in Commerce, Information Systems or equivalent work experience

• 10+ years in a business analyst, project management, project lead, process change agent, or equivalent role

• Proficiency with Microsoft Office products and advanced technical skills with computers and software Preferred Qualifications

• Knowledge of ETL, reporting, tax, and taxation software (i.e. PowerTax, Vertex, OneSource (OTP, OSA), Corptax, Alteryx, Power Query, Power BI) is considered an asset

• Facilitation experience is considered an asset

• SAP (ECC, BPC) knowledge is considered an asset

• Ability to build relationships with both internal and external stakeholders

• Strategic thinking and problem solving ability

• Excellent verbal and written communication skills, including facilitating group discussion/meetings

• Strong negotiating and influencing skills

• Strong change management and collaboration skills

• Solid understanding of project management processes

• Detail oriented, self-motivated professional with the ability to manage multiple assignments simultaneously

• Demonstrated adaptability and ability to work in a team environment

• Proven ability to deliver on commitments and achieve business results
