

Indigenous.Link

Canada's fastest growing Indigenous career portal, Careers.Indigenous.Link is pleased to introduce a new approach to job searching for Indigenous Job Seekers of Canada. Careers.Indigenous.Link brings simplicity, value, and functionality to the world of Canadian online job boards.

Through our partnership with Indigenous.Links Diversity Recruitment Program, we post jobs for Canada's largest corporations and government departments. With our vertical job search engine technology, Indigenous Job Seekers can search thousands of Indigenous-specific jobs in just about every industry, city, province and postal code.

Careers.Indigenous.Link offers the hottest job listings from some of the nation's top employers, and we will continue to add services and enhance functionality ensuring a more effective job search. For example, during a search, job seekers have the ability to roll over any job listing and read a brief description of the position to determine if the job is exactly what they're searching for. This practical feature allows job seekers to only research jobs relevant to their search. By including elements like this, Careers.Indigenous.Link can help reduce the time it takes to find and apply for the best, available jobs.

The team behind Indigenous.Link is dedicated to connecting Indigenous Peoples of Canada with great jobs along with the most time and cost-effective, career-advancing resources. It is our mission to develop and maintain a website where people can go to work!

PURPOSE OF THE POSITION:As the Safety Specialist you will update and develop written safety rules, procedures and work standards. These efforts will support the CP Safety Management System and comply with safety and regulatory requirements. This position works closely with the Operations teams to ensure understanding and compliance to all rules and procedures, identifying and implementing action to improve safety performance.

POSITION ACCOUNTABILITIES:

- Provide direction as a subject matter expert on the application and interpretation of functional safety rules, procedures and standards within the operating department;
- Develop specific functional safety plans for each calendar year;
- Monitor safety performance within the operating department and conduct functional safety audit and inspection activities;
- Lead and/or participate in field activities across Canada and the US;
- Recommend improvements to activities within the operating department's safety plan during the calendar year;
- Provide leadership in the investigation of all safety incidents;

- Participate and provide direction to the policy committee and safety advisory boards to ensure they function within the framework of the regulations and terms of reference;
- Authority to represent CP when meeting with external regulators (Transport Canada/Employment and Social Development of Canada/Federal Railroad Administration/Occupational Safety Health Agency).

POSITION REQUIREMENTS: Post-secondary education, or equivalent experience preferably in the safety field is viewed as an assets;

- 3 years’ minimum experience in railroad operations or related field experience;
- 3 years’ safety experience is an asset;
- Strong verbal, written, communication and presentation skills;
- Ability to analyze complex data and use knowledge to guide actions;
- Aptitude for working with various computer programs & safety platforms;
- Practical knowledge of internal & external safety programs and understand regulations in both the US and Canada;
- Must have the ability to work a flexibility nontraditional hours and have the ability to work in extreme weather conditions/situations for extended periods of time;
- Must have a valid Passport and be able to travel internationally.

WHAT CP HAS TO OFFER:

- Flexible and competitive benefits package
- Competitive company pension plan
- Employee Share Purchase Plan
- Performance Incentive Program
- Annual Fitness Subsidy

ADDITIONAL INFORMATION: As an employer with national presence, the possibility does exist that the location of your position may be changed based on organizational requirements.

Background Investigation:The successful candidate will need to successfully complete the following clearances:

- Criminal history check
- Reference check

Management Conductor Program:Becoming a qualified conductor or locomotive engineer is the single best way for a management employee to learn the business at CP. You may be required to obtain a certification or to maintain your current certification/qualification as a conductor or locomotive engineer. CP is an equal opportunity employer committed to the principles of employment equity and inclusion. We welcome applications from all qualified individuals. All applicant information will be managed in accordance with the federal Personal Information Protection and Electronic Documents Act (“PIPEDA”).
